# Two excellent soccer matches end Sweden '79

By ALEX TOUGH

The weather was superb for the last games of Sweden '79. The field was very soggy in parts, however. This did not prevent all players from turning on the magic to give two excellent matches. The Pee Wees played on the carpet soccer, and beat the Hagfor lads at their own game, showing all the spectators the good side of their soccer ability.

Scott Murray, who worked hard throughout, was elected our M.V.P. For the Seniors Steve Robbins gained the M.V.P. award in an evenly contested game and a 2-2 tie

was just about right.

Young Bryan Marshall is to be commended on his sale of programmes resulting in a small donation to the project committee.

His dad, Bob Marshall, together with Bryan Turner, Al Doherty, Bill Barclay, Dave Hulbert, Colin Wilde officiated at the games. Our grateful thanks to all workers, parents and players for a successful Sweden '79.

They were followed by the Major Atom convincing victory over North York Cosmos in the Ontario Cup and they go into the last 16 in their age group.

**EASY WIN**

In mid week the Mariners had an easy 6-1 win over their counterparts from Hagfors - the Olde Vikings in an enjoyable match. This evening the Mariners entertain the Meteors 1 at Cedarvale at 7:00 p.m. and Meteors 2 challenge Rockwell at 8:30.

Although my information on the Beatrice Cup set up is correct, there is still the possibility that our reps may yet take part in this new cup competition.

A trip the Blizzard game vs Rochester on Wed. 18, is being organized by the re-

creation dept. offices in Acton and Georgetown.

The Blizzard are on a hot streak and look to be almost certain candidates for the playoffs.

House league teams selected by executive decision to represent us in the Peel Halton recreational team cup are:

Squirt - Firebirds, Wild Cats and Stingray (to be confirmed).

Atom - Renegades, Panthers and Spitfires.

Mosquito - Apaches and Hustlers.

Pee Wee - Rebels, Cosmos, and Maroons.

Bantam - All four teams from Georgetown are entered - Hawks, Metros, Barracudas and Trojans.

Bantam age players are eligible to play in this tourney. It is hoped that the girls will participate next year. Incidentally, there are, as most know, some who do not support girls soccer.

I learned this weekend that the Scottish ladies professional team has made the European Nations Cup final for the second year running. Last year the Scots lost 4-1 to Italy in the final and this year I believe it is a repeat match.

A pointer for next year is to have our girls plays competitive and recreational soccer. I believe this would be beneficial to both types of soccer. This move would potentially increase the calibre, and certainly increase the numbers.

**Clarkson 5 - Valentina 1**

The result was not indicative of the game as we were much better than 1-5 suggests. A number of reserve players had to be introduced and all played very well, particularly Susan Bingley, with Susan Wilde and Kirsty Torswick not far behind.

Linda Phillips had a tremendous game in goal and bravely stopped several certain scoring chances. Good performances also came from Carol Johnston, Kim Newcombe, Kary Jones (who scored our goal), Lynne Cunningham, Lisa Allen (at centre back for the day) and Pat Turner.

Arlene Gray tried hard and is improving, and Erin McIn-

tyre continues to show promise through the struggles of settling in.

Kathy Webb, just back from vacation, was a little rusty on this performance.

We strung some good passing movement on the right and through the centre. In the end we did not take our chances when we had them and the home team did. We could also learn to use all of our body to take the ball as the Clarkson players did throughout.

We have yet to win a match and I feel that we are slowly improving. Surprisingly our narrow losses to St. Andrews, Oakville and Burlington are the closest games these front running teams have experienced to date.

## Senior girls in rough contest

By LLOYD JONES

Georgetown Senior girls soccer team winning streak came to an end, when they were beaten 2-0 by Armourdale last Wednesday at York Centennial grounds.

Armourdale, who was beaten by Georgetown earlier in the season, took the play away from the visitors by using roughhouse tactics, as they attacked the body more than the ball during the entire game, aided by a group of hostile spectators.

From the start of the game Georgetown took the initiative and had much of the play in the hometown area, but were unlucky not to score when Sherri Crossman beat the defence and shot over the bars.

From then on Armourdale changed their brand of soccer and started intimidating the smaller Georgetown players with rough tackles,

which eventually led to one of their players being given the "yellow" card. Shortly after, Andrea Stapleton was tackled from behind and as she lost possession of the ball the right winger scored on Georgetown's goal keeper Dena Kent.

On the resumption of the second half the referee was again informed of the dirty play of Armourdale, but this did not stop them from continuing with their harassment and several times to keep from being injured, the Georgetown players had to keep booting the ball away, which is not their kind of soccer.

Georgetown had a chance to equalize when one of the opposition handled the ball in the penalty area, but Jenny Smith's shot was saved by the goalkeeper and shortly after Armourdale scored during a goalmouth scrimmage.

## Major Atoms lose to Burlington

Georgetown Major Atoms met Burlington on Wed. June 27 and played a very wet and slippery field losing 3-0. Then on Tues. July 3rd they were at home to Chinguacousy and played a very strong game in which neither team were able to score until the last 30 seconds, when unfortunately Ching managed to drive

home the winning goal.

Saturday July 7 the boys played their second round Ontario Cup game at home to North York Cosmos. The team played a very exciting game and won 5-2. Terry Dixon scored a hat trick, Ramon Mickelthwaite 1 and Christopher Ward 1.
