

Day Camp supervisor

YMCA gets new program director

The Georgetown YM-YWCA's new program supervisor, Pat Zorge, is a Georgetown resident. Miss Zorge was director for the Y's day camp program for the summer and took on her new position the beginning of September. Since the program director's position is only a part time one she is also working as an instructor for

five of the Y's fitness courses per week.

Part of her duties, Miss Zorge said, will be to work out the practical aspects of setting up Y courses. There is a committee to think up new courses and investigate whether they will be feasible for the community. However, once a course is decided upon it will be up to her to find an instructor, find a place to hold it and schedule a time for it.

GROWING DEPARTMENT
Now that the recreation department seems to be growing she feels the Y might be wise to look into offering more courses of a social nature like Ladies Day Out or For Girls Only. One of her ideas would be to investigate the possibility of a full athletic club for men

which would meet at noon hour, or three days a week, or some such schedule.

"It's just an idea," she said, "and it will take a lot of checking into before it could be seriously considered. But it's something we don't have in town so it might be worth investigating."

Having grown up in Georgetown she appreciates the need for some type of social activity aimed at the teens and this is another area she hopes to work on.

"There just isn't anything for teenagers to do," she said. "Unless they're the inventive type who'll go out and make their own fun, they need a car to go somewhere. We need something here."

Miss Zorge has a BA and BPE from McMaster. She worked as a co-ordinator for the recreation program and a staff councillor at Bishop Strachan School residence in Toronto among other things since she graduated 3 1/2 years

ago. She discovered that her first aim, which was to be a physical education teacher, would be virtually impossible in present circumstances so she found herself looking for other ways to break into recreation. This is her first real chance to use her training and she is looking forward to learning a lot about programming, she said.

Sheila Finn, the Y's former program supervisor, has stepped up to become its executive director.

Pat Zorge

ACTON POST OFFICE FIRE

The extent of damage is unknown following a fire Sunday morning at the Acton Post office.

The fire was discovered shortly after 9 a.m. Sunday by someone who came into the post office to post some mail, and saw smoke coming out of the mail chute. He notified Halton Regional Police and they in turn called the fire department.

By the time the firefighters arrived on the scene, the fire had burned itself out, due to oxygen starvation, Fire Chief Mick Holmes said. The fire was contained in large bins on casters, which were destroyed in the fire.
