At River Run the home owners say it for us.

River Run... a new lifestyle in Georgetown, set in a peaceful, estate-like atmosphere. Nestled on the shady bank of the Credit River, the River Run community incorporates the pleasures of rural living with convenient access to the city plus affordable purchasing arrangements. But, don't just take our word for it... here's what some of our happy home owners have to say about their new River Run lifestyle:

Terry and Chris Legate
"Thanks to River Run's affordable purchasing arrangements, we were able to buy the home we wanted long before we expected to. The idea of wasting money on rent... money that would slow down our savings for the usual high downpayments... money that would never build any equity... did not appeal. Instead, we were able to move into our River Run home now, enjoy being home owners in a beautiful community and see our money working for our future."

Ronald and Beverly Breen
"My wife and I have always owned our own home, however, when all, but one of our children grew up and made their own lives we realized that our house was too big and too much trouble to look after. Yet we didn't want an apartment. River Run has provided the solution. We don't have to worry about time consuming chores that would normally take us away from the recreation and pleasures of country living that we and our dog enjoy... and our River Run home is ours, our investment that continues to build equity."

Don Jarvie
"Well, seeing that I sell River Run homes for a living, you can imagine that I have a pretty good knowledge of the construction plus the advantages of living in the community. I'm the classic example of believing so much in what I'm selling that I sold myself! Sure, the location is ideal for my work, but most of all, I'm happy living in a soundly constructed home close to the recreational facilities I enjoy... all at a comfortable monthly outlay."
