

Flag football action Glen fire coach

By TIM TOLTON
Sunday was the third week in the young GFFL season and it is becoming evident that the good teams are getting better and the poor ones are at best, spinning their wheels.

Delrex Smoke Shop and the Greek Tavern stayed even in a first place tie as the Greeks blew away Fobertis 38-6 and the Smoke Shop won a literally tough battle over Dave's BP 36-26.

In other games, Wimpy's unloaded on the Halton Hogs 42-6 and the Dalry Queen pounded the Glen 33-14.

Smoke Shop 24 - Dave's BP 24
The season's best game, so far, was a gritty clash between Dave's BP and the Smoke Shop. The Smoke Shop was coasting along on a 15 point lead in the second quarter when things got ugly and after an end-zone skirmish, the message was clear that this one was for keeps.

Jerry Neil had TDs of 50 and five yards, plus a two point conversion in the first quarter

which along with a 60-yard single by Bruce Cartwright gave the Smoke Shop their cushion.

After the hostilities subsided, the BP got on the board when Jim McGill hit Rob Taylor for a 45-yard TD strike. McGill then engineered a two point convert, but Cartwright brought Delrex right back with a five yard score by Warner Mikoleli.

In the second half McGill's passing kept the Smoke Shop defense off balance and the BP counted two more majors, one each to Rob Taylor and Wayne Denamore.

With the score 22-20 and the Smoke defense obviously punchy, Cartwright drilled them out with a key drive. Starting deep in his own end he hit Jerry Neil, Gary McGowan and finally an end zone pass to Terry Dlardichuk to give Delrex some breathing room. The defense held on BP's next possession and McGowan later put the game away with a 10yard major. McGill brought

the BP back for a last ditch attempt when he found Jeff Chiscolm alone from 25 yards out but it was too little too late.

Once again the BP showed they are not a team to be taken lightly and the beginnings of bad blood between them and the Smoke Shop should make their next encounter interesting.

Greeks 38 - Fobertis 6
The Greek Tavern barely broke a sweat as they played catch in the Fobert end zone en route to their third consecutive one-sided win.

John Karolids had two touchdowns via the aerial route and one on a triple reverse just to show off. Other majors went to Mike Makovynk, Rick Baldwin and James Allan. Allan also had a two point conversion. Dave McCarthy had the lone score for Fobert.

Dalry Queen 33 - Glen 14
The Glen fired their head coach this week and the result was a stronger offensive showing as they piled up 14 big

points. Unfortunately the DQ scored 33 so its back to the drawing board.

Larry Cunningham and "Beaver" Wodhams had Glen touchdowns. Andy Tyrell converted both.

Scoring for the DQ were Hal Hulme, Bob Allison, Joe South, Steve Crossman and John Halburton, Jack Bertman caught a two point conversion.

Wimpy's 42 - Hogs 6
It was just one of those days for the Halton Hogs, a team with the Midas touch in reverse. Most of their completed passes went to John Clark of Wimpy's defensive secondary. In fact Clark had three interceptions, two touchdowns and six converts which pretty well tells the story.

Gord McNelly, Victor Koch, Don Scallen and Dave Worman had the other Wimpy touchdowns.

Terry Crawford was the only Hog to root his way into the Wimpy end zone.

As usual it's speed and dexterity that makes the difference in flag football action. Sunday morning some of the eight teams had it, some didn't.

Tyke reps show definite improvement

When you are six years old, playing the game is difficult enough without having to improve upon your performance. Yet that is what Georgetown's tyke representatives in the Halton County Baseball Association find themselves doing.

After a rough season start, the wee ones are now showing definite signs of an upward trend in their playing abilities. This past week the team lost a close crowd pleasing contest to Oakville. The score was 12-7 in favour of the guests at the Fairgrounds Park.

Once again Pat McCarthy pitched well for the local side while Dennis Doucette, making his first appearance, had a strong game in the field. Kevin Lindberg had three singles and John Lorito two. Also getting base hits were Scott Mizener, Mike Ross and Sean Mitton.

Bret Robinson, Rob Granada and Terry Grieverson all fielded well in the losing effort.

Braves win last of season over Pistons

The Georgetown Braves of the Etobicoke Summer League ended their regular season play on a winning note by defeating the Pistons in a close game, 69-66.

Despite missing centre Paul Vanosshot and forward Bruce Cartwright, the Braves played a light defensive game to win in the dying seconds on foul shots from Ted Darcie and coach Fred Harris.

With the score tied at 66 and just 25 seconds remaining, one of the Piston players complained vehemently about a referee's decision and was assessed a technical foul. Darcie put that away with relative ease and the Braves had the ball out of bounds.

On the inbound play the ball went to Harris, who was fouled by a Piston player in his attempt to get the ball.

Harris, ever cool, ran the score up a little by sinking both foul shots and the Braves went ahead with only three seconds remaining. It was all over but the crying for the Pistons.

The Braves ended up with a six and three record which coach Harris said wasn't bad. "With a few breaks we could have been eight and one," Harris said. "Only one team controlled us all the way but we'll get another shot at them in the playoffs."

Playoffs start Tuesday in Etobicoke (Martin-Grove Collegiate) and the team will play Thursday if they get past the third round.

"Tuesday will be the first game in six that we'll have all the guys out," Harris said. "We shouldn't have any trouble. With any luck at all you may see us in the finals next week."

The Braves were lucky Piston shots like this one missed.

Cricketer Emmanuel wins for Georgetown

By KEN JONES
Despite a heroic knock of 50 runs not out by Albert Emmanuel and a sterling bowling performance by Neville Samaroo, Georgetown Cricket Club was held to a draw by Welland C.C. at Yoder Sunday.

Emmanuel, presently with a batting average of 40 runs per game, again showed fine form in reaching his first half century in competitive cricket, while Samaroo took five wickets for 24 runs.

Georgetown's opening of S. Mongru 26, and J. Balkisson 9, gave the home team a good start, before the latter was bowled by F. Adams. Adams struck several overs later when he had S. Jahoor bowled for 15 runs.

Skipper A. Kumar then joined Mongru and quickly pushed the total to 89 runs before he was bowled by G. Dickinson for 31 runs. With the score at 5 wickets for 91 runs Emmanuel came in and started hitting the ball at will with some flawless strokes. Solid knocks by N. Balkisson 15, K. Lakhan 15 and L. Jones 14 helped the Georgetowners to amass a grand total of 200 runs for 9 wickets declared.

With two hours set to make the score Georgetown struck early as Neville Samaroo, bowled W. Peters and A. Ahmad in his first over with the score at one run. Two overs later he again bowled L. Supersad.

Suddenly it looked like a rout

for the home town team, but this was to be denied as numerous dropped catches aided by some slow and deliberate scoring by Capt. B. Millard and M. Hinds pushed the score to 89 runs before Hinds was bowled by K. Lakhan for 39 runs.

The next three wickets fell for 34 runs. With seven overs to go to regulation time and three wickets in hand, victory was still in sight for Georgetown but again the tail enders became a thorn in their sides as G. Dickinson, F. Adams and R. Maharaj held on to the end. Welland finally ended with 123 runs for 7 wickets.

Georgetown meets Mississauga 'B' at home on June 21st next.

Soccer Talk

with Alex Tough

Most welcome to outside open field users is the news of the possibility of obtaining the use of the Irwin Dorsey - Neilson's ground off Sinclair Ave. All the credit goes to Tom Shepard for his quietly successful efforts for this much needed space.

The ground is not for use this year unless some work can be done to make it playable. The condition is dangerous for running at the present. It is possible to make several fields to make use of in different sizes, which would accommodate a fair number of games and players. Our team had a look over the area at the weekend and are naturally very pleased at this news.

We are still attempting to plug some reffing blanks. They are:

Mondays: GDHS and HW - Girls squirt, mosquito, pee wee, bantam. Tuesdays: GDHS and HW - girls squirt, mosquito, pee wee, bantam. Wednesdays: Cedarvale - boys atom. Thursdays: Moore Park - Boys mosquito (every other week). Wednesdays: GDHS and HW - boys pee wee. Wednesdays: Moore Park - boys mosquito. Thursdays: GDHS and HW - boys pee wee. Thursdays: Yoder - boys squirt. Fridays: Moore Park - boys mosquito.

Please call Elaine Bertrand (8553) with any spare time you can contribute.

Next week we organize our team photographs and days and times are as follows:

Monday 23: GDHS 8:30 - House league girls. Tuesday 24: Cedarvale 6:30 - all rep teams. 7:30 - bantam - junior boys house league. Wednesday 25: Cedarvale 6:30 - atom boys house league. Thursday 26: GDHS 6:15 - pee wee boys

house league. 7:30 mosquito boys house league.

Playing teams on those dates will have to be taken before or after their game time, whichever is the best possible.

Mariners 1
Meteors 1
The young at heart Mariners almost stole both points in last week's Cedarvale with the young in leg Meteors. Leading by a Bill Braaz "special" from a Gary Spiller right wing cross into the last ten minutes. It looked as though we just might pull a victory. However a goal mouth scramble and a spinning ball sent goalie John Bursten the wrong way and the equaliser was scored.

Another good game to watch and play in was this one. Mike Peters headed twice against the bar in the dying minutes and was unlucky not to score which would have rounded off a good debut. Peter Jones was excellent at left defense and George Baines and David Fear shared the right defense blocking the fast raiding Meteors spillers. Bill Braaz and Gary Spiller presented the Mariners attacking threats with Stu Robbins backing up. Stu was the recipient of several severe tackles. Ron Warner again contributed well from midfield.

Clarkson 2
Girls Bantams 0
Georgetown's girls played their best game of the year completely outshooting their strongly fancied opponents. The girls went into a 4-2 system to strengthen defense and attack on the break.

Kary Jones and Arlene Gray operated as front runners with Vera Vanilum and Jenny Milne backing up from midfield. Lisa Allen, Kim

Newcombe, Penny Bydevaate, Susan Wild and Kathy Webb alternated at the back with Linda Phillips and Carol Johnston supporting from midfield. Carole had an excellent game and stormed back to top form. Vera, Jenny and Arlene almost scored before Clarkson opened their count, a defensive lapse allowing a sharp forward to side foot home. In spite of the goal and the second our team continued to dominate.

Our lack of goal scoring power proved our undoing, failing to capitalize on chances set up by Vera, Carole and Kary. Cathy Dobson had another good game in goal. Penny, playing at left defense, played strongly in a strange position. Improving, improving.

The Major Atoms are having a good run of success wins over Clarkson (4-2) and Dundas (3-2) coming back to back. The Clarkson game was strongly contested, goalie Johnny Stefan coming out on top against the opposing forwards. Greg Sholdice, Ken Langdon and David Laughlin played well. David scoring one, Glenn Mulder one and Teddy Weatherall two goals. Greg figured highly with two goals against Dundas. Trevor "the ghost" Harkey netted the other. Another good result from this second year team with Glyn Poole and Jim Johnson showing well.

The Junior Falcons defeated Orangeville away by 5-1. Star of the game was Steve Swinscoe with 4 goals. Ian Wilde slotted home a penalty for the fifth goal. The lads remain unbeaten so far. The Falcon A's are also having a ball with a 3-1 record to date, very good for their first year together.

After serving up some early season split decisions, the Gordon Alcott Ladies Inter-county A tennis team put it all together to win all four of their doubles matches in competition with members from the York Old Mill club.

Kay King and Linda Rice teamed up for the first win of the day. They won 6-4 and 7-6. Pat Harris and Doreen Thomson had little trouble wrapping up their sets 6-2 and 6-4.

Audrey Houston and Isla Allison started off with a loss in their opening set, then rebounded to take the next two 6-2 and 6-1. Ann Kennedy and Marilyn Serjeantson rounded out the winning day. Monday and Tuesday the schedule proceeded as planned.

T: semi-final matches will

Ethel loose

Ethel, a 10 pound Rainbow trout, has been released at the Kelso Conservation area by the Halton Conservation Authority. They will be offering a \$50 reward for the fisherman who nabs her.

Bantam Falcons on win streak

The Georgetown Bantam Falcons played host to Burlington at Cedarvale and came away the victors by a score of 2-1 this week.

The bantam Falcons started the game strongly and after a number of close calls went ahead on Bob Sweenies' third goal of the season. It was a pass from Rob Fattore. Georgetown continued to press and went ahead 2-0 on Gary Hulbert's goal following a nice passing play involving Eric Clark and Miguel Sanchez.

Burlington started to come alive at this point and the play was more evenly divided with both teams playing well in defense. With 15 minutes left to play in the first half, Burlington scored to make it 2-1. Georgetown's Gary Hulbert was injured on the play leading to the Burlington goal and was unable to return for the balance of the game.

The second half was very evenly contested, although Georgetown continued to have the superior scoring chances with Fattore, Sweeney, Clark and Ian McIvor all coming close. The second half belonged to the Georgetown defense as they continuously broke up the Burlington attacks at the half way line and when they did get through Scott Murray made the saves. The whole defense of Mike Sweeney, Blake Harrison, Tom O'Brien, Howie Oram, Kevin Gillespie and Sanchez had standout second halves.

The bantam Falcons have now won all four league games and have outscored the opposition 19-4 with Fattore and Hulbert leading the scorers with four goals each.

Yellow activities pamphlet listed for whole area

Have you received your summer Activities Brochure yet? It has been distributed to all the elementary schools in Halton Hills as well as being placed at the following locations - Georgetown and Acton Libraries, Post Offices, Swimming Pools, Georgetown 'Y', all Banks, Gas Station, Town Offices, Clerks Department, Esqueing Office, Finance Offices, Acton Community Services, Newspaper Offices of the Acton Free Press, Herald, Independent, Ballinlad General Store and Hornby General Store and Norval Post Office and the Conservation Authority's Offices.

The Summer Brochure is yellow in color and called '1989 Summer in Halton Hills'. If you have not received your brochure yet, please pick up one at the above locations.

The Summer swim program is all organized and ready to go. The lesson registration will start on Wednesday, June 25 and continue until July 1, 4 p.m. at both Indoor Pool locations. We have found in the

past that the upper levels are not as busy as the lower levels and suggest that if your child is in intermediate or higher levels that you register during regular program time from June 25 to July 1. The lessons will commence on Wednesday, July 2 and will run for 11 consecutive days with a final evaluation for the Junior, Intermediate and Seniors on the 12th day.

The Red Cross levels, Junior Intermediate and Senior tests, will be held on Monday, June 23 in Georgetown and Tuesday, June 24 in Acton if you require more information please talk to your child's swimming instructor.

Two of our Synchronized Swimmers, Renata and Laura Baillinger went to an Intermediate Provincial meet at the Etobicoke Olympium Saturday, June 7 and performed extremely well.

The final Swim meet for the season will be held on June 22 in Mississauga and all participants and their parents are welcome to attend.

On Saturday, June 21, the

recreation department and the Boy Scouts of Canada will be hosting a Canoe Clinic at Fairy Lake Beach in Prospect Park, Acton. There will be three clinics offered on Saturday commencing at 10 a.m.

The three clinics will be as follows: 10 a.m. to 12 Noon, advanced canoe skills and demonstration. 2 p.m. to 4 p.m., beginner canoe skills and demonstration. 6 p.m. to 8 p.m., beginner canoe skills and demonstration.

If you or your group are planning to attend, please contact the recreation department at 877-5185, ext. 60 so we can make best use of the demonstration team.

The Master Swim program will continue over the summer months, one night per week in Acton Thursday 9 p.m. to 10 p.m. starting July 3 and at the Georgetown Indoor Pool, Tuesday 8:30 p.m. to 9:30 p.m. starting July 8.

If you have any suggestions regarding the pools or its programs please contact the pool or the recreation department.

Gordon Alcott tennis ladies win

This past weekend saw the Georgetown Tyke Rep baseball team reach the consolation finals in the Fourth Annual Barrie Tyke Tournament. Newmarket defeated the Reps in the opener, after three extra innings, by a score of 9-7. Rory Kennedy and John Lorito had triples in this encounter. Rory also had two other hits as did Pat McCarthy, Ricky Fisher, Kevin Lindberg and Dennis Doucette. Mark Moody added a single.

The second game, scheduled for Saturday afternoon, was won by default when a team from London, failed to show. Georgetown then defeated an All-Star Barrie house league team by a score of 18-4.

On Sunday afternoon the boys defeated Merriton by a score of 16-5. In this match McCarthy and Scott Mizener led the way with three hits each, while Mike Ross and Kennedy contributed two each. Playing well defensively were Terry Grieverson, Brett Robinson and Sean Mitton. Doucette was credited with the win as he recorded eight strike-outs.

In the consolation final played in 5 degree temperature on Sunday evening our boys were defeated by Bolton 20-10. McCarthy had four hits, two being doubles, with Fisher, Lindberg Mizener and Ross having two hits each. Lorito, Moody and Kennedy also reached base safely through their hitting efforts.

Play in the North Halton mixed doubles tournament continues this week on schedule, despite the late start it got due to the rain Sunday. First round matches were all completed that day. Monday and Tuesday the schedule proceeded as planned.

Ontario Outdoors

By R.C. (BOB) OLLIVIER
Once again, a great turn out at the open house at Zellers Saturday. It seems that fishing is becoming more popular each year, and this brings us some good news and some bad news.

First the good news. Fishing is a fantastic hobby, sport or just a passime enjoyed by all ages. The bad news. We need better control of our fisheries and the Ministry of Natural Resources are not providing it.

WHERE AND HOW
With the focus on Bass fishing, many of the folks stopping by to visit Saturday had a lot of questions on how and where to fish. Such a wide variety of questions can not be covered in one column, but can be spread over several weeks. Why not write to me with your questions on any kind of fishing problem or need for information, and I will answer them in this column. My address is 25 Carole Street, Georgetown L7G 3X5.

A plastic worm or leach was in the demonstration tank at Zellers, and very few fishermen use these lures and they are probably the best bass lures there are on a consistent basis. The accompanying diagram this will show you how to rig a plastic worm in a weedless manner, so they can be fished right in the middle of any weedbed or brush tangle you can find. After all that is where the fish are when feeding and hiding, so why not fish them there.

Thanks to the Mepps company, we had the opportunity to see how a Mepps Spinner works in the water.

Breck's also provided the Mepps spinners for the prizes listed below. I have caught a lot of BIG fish on Mepps and this includes Bass, and the same company, Breck's make a fine fly line and probably one of the best series of flies I have seen anywhere. The demonstration rods were well received as they should be, they were Fenwick.

Every skilled fisherman looks forward to owning a Fenwick rod, yet they are within the reach of almost any budget, except of course the \$200 fly rod that is on display. They come in almost every size and style with some exclusive to them. We showed casting, spinning, fly and ultra light rods. Thanks once again to Fenwick for the opportunity of trying out these fine rods.

NOT A PURIST
I personally use almost all legal and sporting methods of fishing which means spinning, casting, fly, spin casting, trolling etc., but my favorite method of fishing Bass and Pike is with a fly rod. By no means am I a purist using only one system. I thoroughly enjoy my bait casting outfit, but for sheer pleasure the fly rod with a Bass Bug is hard to beat. Special rods for this purpose are made by Fenwick and others, and even fly lines are especially designed with Bass Bugging in mind. Fairy Lake in Acton is a good place for this kind of fishing as there are clear areas for the back cast and in a boat the weed beds are hot spots for the floating bugs.

If you are a Bass enthusiast, then why not join the organization dedicated to the Bass angler. The Bass Anglers Sportsman Society has a magazine published ten times per year and is packed with information and new methods and equipment for the bass fisherman. As a member, for the last few years, I can highly recommend it, and if you want information on how to join, then call me at 877-9290 or write to the above address.

ZELLERS' WINNERS
The list of winners at the open house on June 14 at Zellers: Number one, a \$2 tray tackle box went to BOB EMMETT, of Georgetown, with second prize to lucky ROSS HAGEN. Hagen wins a five and a half foot spinning rod, so he should enjoy the summer. Eleven-year-old Mark Jones, Norton Cres. won himself a nice tackle box as did 12-year-old Sean Hunt.

The following five people won Mepps spinners: Bill McBain, Dan Messop, Jane Hesselink, Jim Zebede and my young fan, four-year-old Owen Allan, from Acton. Take lots of pictures of all the fish you catch folks, and I will try to put them in the paper for all to see. Get to go now, see you all next week here in ONTARIO OUTDOORS.

1 Thread line through slide sinker and tie (with Burknot) to hook.

2

3 Start hook point in center of worm head and (at a 30 degree angle) push point out through worm body about 1/2" from the head.

4 Revolve hook 180 degrees so hook point can stick into worm body. Bend worm slightly up hook so when the point is imbedded the worm body will be straight.

5 Push hook point almost through worm (about 1/16" from surface). Now you're rigged, ready and weedless!

Stingers bounce back

The midjet girls Stingers lost to Limehouse Wednesday but bounced back the next night to reap revenge on Acton, in their Halton Rural Softball League play this week.

Heather Wallace was the big scorer for the team in both games. Against Limehouse she

got one of the team's losing five runs. Rosemary Gale, Connie Hay, Donna Sedore and Val Williams crossed the home plate for the others.

Wallace and Williams rounded the bases three times each against Acton, to lead the team to a 1-3 win. Gail Doucette, Lisa Switzer, Gale, Julie Four-

nier, Deb Osborne and Sedore had the other runs. Sedore pitched a strong game striking out 11 batters and only allowing one walk. Wallace was 4 for 5 at the plate and Fourrier 2 for 3, as well as knocking in three RBIs.

The team is competitively inactive this week.
