Accident statistics

A report on school accidents requested by trustees of the Halton Board of Education outlined 182 accidents during 1978-79. Of these, only 13 are considered "major" and involved shoulder separations or broken bones. Board members commented that either it was a very good year or teachers must be doing something right in training youngsters to handle themselves and their equipment safely.

Grant for GDHS track

The Georgetown District High School track and field team can attend provincial competitions in Kingston thanks to a \$237 grant approved last week by the Ontario ministry of culture and recreation.

Gas wells ordered plugged or pumped by government

Herald Special

The provincial government has ordered Halton region farmers to either plug up old gas wells on their properties, most of which were drilled 50 years ago, or else put them back into production.

All but one of the 12 to 15 involved have decided they would rather plug than pump. In the 1920s Tony Seynuck, a Ukrainian immigrant, explor-

ed this area looking for oil and gas. Some of his finds were put into production but others were just left because they were not worthwhile.

Now, despite much higher gas prices, owners are confirming the earlier decisions and permanently putting the wells out of commission.

Bob Heyward, of the petroleum resources branch of Ontario's ministry of natural resources, said there could be

valuable pockets of natural gas but the government is insisting that the old wells either be improved or plugged.

Mr. Heyward said a number of the wells were in production for 20 years or more but due to low pressure they are no longer commercially viable.

The government asked the farmers if they wanted to use the gas themselves but only one took up the offer.

their chairmanships. As the executive only changed slightly (two new members) the past executive pretty much has the same chairmanships: Denny Wright, Imm. Past Pres, and Slick chairman, Harold Badham, Norm Ward First Vice, Canteen Chairman and Community Affairs, Pat Chamberlain 2nd vice, membership and Sgt.-at-arms, Buster Hale House chairman Service Officer and Hall rentals, Jim Hayes Entertainment, Eric Clarke Sports plus two other evening events, Gib Telford Ways and Means, Frank Nicholson Treasurer (appointed).

Lynda Wright Secretary (appointed) Tut Harrison Poppy Fund (appointed) Tom Elliott Public Relations and Publicity (appointed).

E.A. Middleton was accepted as an ordinary member at this meeting and we welcome you to our membership and hope you will join in; come down to the branch often and enjoy the friendship and comradeship of all the members.

This is my last column, as President Harold has appointed Tom Elliott as your PRO for the next term and I would like to thank all who have helped me in any way while doing this column.

It has been my pleasure, no, actually it has been my privilege, to write this column the past few years. A few mistakes and omissions along the way, but what the heck, who keeps score?

Tom, I wish you well. Oops, almost forgot, the Air Cadets are holding their Garage Sale at 56 Norton Cres. Saturday July 12 and please drop off your saleable items or phone Bill Moore at 877-6461 or Joe Parlier at 877-3534.

I've thoroughly enjoyed covering the news of our award winning Pipe Band, the guys and gals, ladies and gentlemen of our very fine Squadron 758 Air Cadets and their sponsoring committee, our lovely young ladies of the Royalettes ball team, who never cease to bring proud moments to Branch 120, the N.H.A.M.R., which we take so much pride in being associated with, our hard working and community minded Imperial Section, those ladies of the Auxiliary who continue to support the branch in all their endeavors, all branches of the Zone, District and Provincial levels and of course "my" branch - 120 - and all members and guests to our branch.

But I am especially pleased to have brought the community of Georgetown and surrounding areas a little closer to the real concept of "Legion". Not doing for ourselves, but doing, caring for our dependents, our community, our youth, our charities. In some way, we have reached out, touched and helped all of you.

Friday evening, about 50 Ladies Auxiliary members sat down to a special evening when the tables were turned on them and they were served refreshments and a lovely steak dinner by the old and new executive members. Those hard-working, seemingly tireless ladies presented Branch President Harold Badham with a cheque for \$1,500 for which Harold, the executive and all branch members are most certainly grateful and appreciative.

This evening is an annual night set aside for the L.A. to show them how much the branch members appreciate all they have done during the past year and the many years before that. They certainly are the backbone of our Branch. Thank you, ladies.

Gib Telford has been trying to arrange new and different entertainers for our Saturday night enjoyment. This is not an easy chore, but he's in there with a DJ, from Etobicoke, Best Sounds, who will be here July 5. Please come and give a listen to a change from the usual names we have been offering. New names will be cropping up occasionally.

At our executive meeting last Tuesday, President Badham appointed the various members of the executive to
