

## Award set for youth booster

**Herald Special**  
The Association for Early Childhood Education's Ontario-Halton Branch will this year recognize and honor one yet-to-be-chosen individual from this community who has made a significant contribution towards improving the quality of life for young children in Halton.

The Children's Service Pin will be presented at the AECEO General Meeting September 23 at 7:15 p.m. at Ennor Public School in Oakville. In order to not only recognize the recipient's achievements, but also inspire others to continue their service to children.

The recipient of this pin will also be honored at the AECEO province-wide Children's Service Awards Dinner being held at the Skyline Hotel in Toronto October 17.

It is the feeling of many that those who have dedicated their lives to bettering the care and education of young children have not received sufficient recognition of their efforts and so the AECEO hopes that this presentation will provide the initial stepping-stone.

Nominations can be submitted by individuals, organizations, associations, agencies and institutions in Halton. If you are interested in nominating a local citizen for this Children's Service Pin, please, contact Karen Chan, 448-1 Woodview Rd., Burlington, 637-0030 for an official nomination form. Nominations must be submitted by August 31, 1980. The AECEO warmly welcomes everyone who is involved or concerned with child care and education in this community to join them in this long-overdue acknowledgement of those who have made life a little better for the children who carry our future.

## Recall Commons on oil: Jelinek

Halton MP Otto Jelinek, corporate affairs critic for the federal Conservative opposition, has asked Prime Minister Pierre Trudeau to recall Parliament for a discussion on the current oil pricing disagreement between Ottawa and Alberta.

Mr. Jelinek sent the PM the following telegram July 30:

"Due to the unfortunate and potentially disastrous results of your inconclusive meetings with Premier Lougheed regarding an energy pricing agreement with the Province of Alberta, thereby creating a climate of confrontation, confusion and uncertainty, I urge you to recall Parliament forthwith in order to give Parliamentarians from all parts of Canada the opportunity to express the views of their constituents regarding this serious issue with the view of achieving a Parliamentary consensus on the overall energy matter."
