LET'S LOOK AT A TV WARRANTY

AND LIST THE MOST IMPORTANT THINGS IN ORDER

(1) THE PICTURE TUBE

The heart of a Television and the most costly component to replace. No need to worry, Toshiba of Canada warranties their picture tubes for a full 50 months.

(2) LABOUR

It's expensive nowadays, but again no need to worry, because Toshiba of Canada pays all labour costs if required for a full 50 months.

(3) LARGE COMPONENTS

For example, Tuners, Transformers. Again, no need to worry. These are covered by Toshiba's full 50 month warranty.

(4) SMALL COMPONENTS

For example, Resistors, Capacitors, Tiny Solid State Devices. They may be inexpensive to replace, but Toshiba thinks they are important enough to be included in their full 50 month warranty.

(5) WHERE IS MY WARRANTY HONoured

Toshiba full warranties are honoured at ALL their Service Depots right across Canada. No partial warranties, which eliminates any misunderstandings. Until all TV's carry a warranty as good as this, your first choice should be TOSHIBA.
