## HOME OF THE WEEK

**SPACIOUS TWO-STORY LEISURE HOME**

This spacious three bedroom recreational home design is perfectly suited to the very narrow recreational building lot, especially one which slopes steeply from front to rear, yet it contains almost 1,300 square feet of finished floor area on its two levels. The cottage offers a wide range of convenience features which are certain to please the most discriminating of tastes. The exterior, finished in vertical channel siding, stone veneer chimney and heavy shake roof, presents a low profile from the front and seems to graduate downward in stages.

A weather-protected entry leads into a compact reception foyer and closet storage area on the second level, from whence traffic is lead naturally forward and downstairs into the sunken rectangular living room. The living room features a corner-positioned raised-hearth masonry fireplace and a wide sliding glass walk-through which leads onto the rear-facing deck. To the front of the living room is access to a large laundry-utility and services complex, through which is access to a large internal storage area.

The well-planned, extend U-shape kitchen is elevated four risers from the living room level. It has an excellent work triangle configuration, generous cupboard storage facilities and abundant countertop work surfaces. The elevated dining room overlooks the living room through an optional apline screen wall, and has another sliding glass walk-through which leads onto the rear deck, for casual outdoor dining in fine weather.

All three bedrooms are positioned on the topmost level, around the central bath and linen storage closet. Each has ample closet storage facilities and excellent natural light. The two rear-facing bedrooms have access to an upper-level balcony, which is enclosed for privacy when sun-bathing.

An exciting layout contained in an attractive package which will provide the larger family with many years of pleasure and convenience.

Plans for design No. 9-1260 may be purchased either by the single set, at a cost of \$95.00 for the first set and \$20.00 for each additional set, or by the package. A five-set plan package, including the first set, is economically priced at \$145.00 and an eight-set package, also including the first set, is only \$175.00. Whichever method you choose, please include \$5.00 for postage and handling. Ontario residents please add 7% sales tax.
