

THE FAMILY CHRISTMAS PRESENT THAT WILL GIVE YEARS OF ENJOYMENT!

Mr. & Mrs. Pomeroy were treated to one of the many medleys Mr. Paul Barber is famous for. The Baldwin Studio II Organ he was playing could imitate countless instruments.

Mr. Pomeroy remarked that it was just like having an orchestra at your finger tips. The Pomeroy's were very impressed and whether you a beginner or a budding Liberace you will be impressed also. Just drop in and see the selection.

Buy Her A Vacuum Or Buy Her A Present!

When it comes to Christmas and you want to express your feelings, nothing says it better than Jewellery. As Mr. Pomeroy discovered nothing "lights up her life" like gold and diamonds. Pete is pictured here viewing one of the preview items from John Boughton Jewellers second annual Gems of Christmas collection. This special designer showing will be here Dec. 10th to 13th. Can't give any secrets away but Judy's hoping!

Judy was extremely impressed by the vast selection of collector plates including all this years annual Christmas plates. She also noted that the prices were excellent in comparison to out of town stores. Pete jumped at the chance for a free gift wrap. He's fumble fingers with the wrapping!
Thank you Pete and Judy for shopping at
