

# The Best of Two Worlds

## The Soft Supple World of Leather

The Pomeroy's were pleasantly surprised to discover the wide choice of garments available at Halton Hills newest store. They found that the old fir beams and thick brick walls created a perfect setting to examine the many possible Christmas gifts made from leather. Judy fell in love with this elegant full length suede coat with a detachable fox collar, while Mayor Pomeroy looked positively distinguished in a dress overcoat made from the best quality of sheepskin.

## The Solid Stately World of Oak and Pine

Just a few steps away in this 19th century building the Pomeroy's were amazed to find a complete range of pine and oak furniture manufactured on the site. After touring through the manufacturing area they took a more serious look at the excellent hand-crafted workmanship. As in the case of the leather goods they found many interesting and unique small items which make excellent Christmas gifts. Both Pete and Judy suggest that you should follow their suggestions and come and see for yourself.
