

Cooking made easier with the Quasar combination Microwave Oven.

The Pomeroy's were very pleased with the selection of merchandise and the attention that was paid to them by the staff. They showed particular interest in the new Quasar Microwave Oven, that can cook by convection as well as by microwave. Mrs. Ryder explained: "That by combining both methods you can enjoy the speed of microwave cooking with the heat distribution and browning ability of convection cooking." Ryder's also carries an excellent selection of Televisions and Stereos including such brand names as QUASAR, TOSHIBA and SANSUI. Their NO CREDIT CARD POLICY enables them to have quality merchandise at a very competitive price.
