Leading Seaman Daniel serves as marine engineering technician aboard the Victoria-based destroyer HMCS Kootenay, whose commanding officer, Commander B.H. ## Power outage dims village's Saturday night

The February meeting of the W.I. was held in Acton at the home of Grace McEnery. There were 12 members present to enjoy the dessert luncheon.

Eileen McEnery and Margaret Jamieson had two Dainty Dishes prepared and they along with the hostess served each one an ample portion of each.

Shortly after two, Reggie called the meeting to order. She welcomed all and read an inspiring poem. Following that, the regular opening procedures took place.

It was the "Citizenship and World Affairs" meeting, so members answered the roll call by each naming "A Present World Figure They Admire." Some prominent citizens were named, but it was brought to our attention, although he wasn't named, Terry Fox should have been mentioned as the great one for 1980.

The January minutes were

read and the financial statement given. The correspondence was read, it included the annual letter from the president of F.W.I.C. A letter telling about the officers' conference which will be in May and a little thank you note from a former member who received a box of fruit from the W.I. at Christmas.

The president announced that for a change from the regular proceedings, we would have the program before dealing with the business part of the meeting. Betty Koperdraad, as convener called on Lilie Green for the motto "The Road To World Peace Is The Road That Leads From My House To That of My Neighbor."

Lilie started off by telling a humorous story about a visit to the neighbor. Then, as a pleasant surprise, she sang very sweetly the Anthem, "Let There Be Peace, and Let It Begin With Me."

She was accompanied by a tape recording of the music she played herself earlier.

Eileen McEnery had the up-to-date current events. Some useful information was given by conveners.

To end the program Betty Koperdraad gave a reading. It was the life story by a young Mennonite girl who was one of 17 children. It was an enlightening story, telling what advantages there were being one of many. She says, "We had our own baseball team and our own hockey team."

Betty had a history question for each member to test their wits. The president took the chair again to conduct the balance of the meeting.

Final plans were made for the dance and quilt draw to be held in March. It was decided not to send a delegate to officers conference this spring. The meeting was then adjourned.

The hall board had a successful meeting last Wednesday evening. They sponsor a Valentine dance for this Saturday night (Feb. 14) in the Community Centre.

Mr. and Mrs. Paul Eckert have returned home from a ten-day holiday in Florida. They were accompanied on the trip by their daughter, Julie Clark of Erin, and little grandson, Phillip.  
Rev. Don Stiles was wel-

comed back to the pulpit Sunday after an absence of two weeks.

There were over 20 young people in the choir. They sang an inspiring number, which every one enjoyed. Bob Pinkerton, who directs the Junior choir, was congratulated by the minister as it must have been an effort on his part to get the young ones together and train them. The parents too deserve credit for the encouragement they give their children.

The Sunday School heard their story by Mr. Stiles before going down for classes. The theme of the sermon for the congregation was "When Trouble Comes".

Hydro was off Saturday

night for residents of the Erin Side of the Eighth Line. Power was off from about 8 p.m. till after mid-night. Sunday night, also, the same thing happened, only for a shorter period of time. We have not as yet heard the reason for the black-out.
