

Close basketball win puts Celtics ahead in play-offs

As a result of ladies basketball matches played March 14, the Celtics now lead in the best of three finals for the 'A' championship 1-0.

In a closely contested game the Celtics overpowered the Spurs 27-22. Sparking her team to victory was centre Pat Nesset who collected 10 points. Irene McCauley hit the hoop for five points while Clare Hermann, Jane Fogal helped out with four points each. Shellynn Finn and Betty Shinghji had two points each in the encounter.

Ann Korzack and C. Vanderwatering paced their Spurs squad with six points each while Janet McKay assisted with four points. Mary Kelly, Lou Oram and Nancy Shorthill all found the range for two points.

Knicks lead consolation
The Knicks lead the consolation final 1-0 in their best of three series against the Bullets. In the first game the Knicks downed the Bullets 35-28.

The Knicks were paced by leading point-getters on their

team, June Nicholson and Sue Tesar who each hit the net for eight points. Barb Curry shot well for seven points. Deb Barber added six points while Maggie Hall, Pat Mashinter, and Sjanna Young all had two points each.

For the Bullets Chung Kim

Young bowlers climbing

Being very successful in the Central Ontario district qualifying rounds of the Young Adult Bowlers' Association Championships, Georgetown will have two teams and six singles bowlers at the provincial finals in Welland Ont. April 25th and 26th.

The Georgetown Bowl number one team is made up of Sheila Beatty, Wendy Freeland, Janet Burns, Paul Beatty and Mark Reis. This team will have a tough chore, but Mark having just had a cast removed from his injured hand expects to reach his form with intensive therapy and practice. The members of the second team are Robin Richardson, Diane Leonard, Dave Paterson, Gary Richardson and Rick Gouille.

In the scratch singles finals, the ladies are Sandy Cuthbert, Sheila Beatty and Diane Leonard. The men taking part in the championships are Paul Beatty, Rick Gouille and Gary Hole. However, since Gary Hole may not be able to make it, Gary Richardson as the runner-up will be taking his place.

'No-point' soccer returns for women

By DES RAFFERTY
Herald Special

The Georgetown Women's Soccer Club will play in a "no points" Soccer League this year just as they did last year.

At this time the league consists of six teams, two from Georgetown and one each from Acton, Bolton, Milton and Pineview. Last year the games were played on Monday nights.

The general feeling of the league is that we should again aim for Monday night games if field scheduling permits.

The Georgetown club is looking for a qualified referee, male or female, who will referee the Monday night home games. Last year Peter Sellas faithfully refereed all our home games, but due to a knee condition is unlikely to play this year.

So please call Des or Lydia Rafferty at 877-7803 if you wish to referee the Women's Monday night home games.

Our indoor practices continue at George Kennedy School each Wednesday night from 8:30 to 10:30.

Again we extend an invitation to all women 18 and over to attend these practices. Who knows, you may find that recreational fun soccer is just right for you.

Rec dept. schedule available

The recreation department of Halton Hills has released their schedule for the upcoming athletic events to be held at the Georgetown Fairgrounds this summer.

Starting the activities on Monday May 18 is the Optists, "Bang-O-Rama" which will run the entire day. The Newfoundland Club starts off the summer with an early tournament when they host an all-day affair Saturday June 6.

Sabres baseball (!)

The Acton athletic schedule for the 1981 summer looks promising for the participants and spectators. The first baseball tournament starts June 13 and June 14 when the Acton Jr. B. Sabres host an Oldtimers tournament for past players.

The Acton Minor Ball association is holding a midget tournament June 29, 30. Limehouse will host their baseball tournament June 27, and June 28. For three days in July (the 19th, 20th and 21st) the Acton Minor Ball association will hold another set of tournaments.

Master Marathoner Bob Daniell's current goal is to break his previous best time of 2 hours, 30 minutes. His chance will come May 10 when he enters Ottawa's prestigious marathon.

Daniell tries shorter runs, still out front in marathons

For Bob Daniell, Georgetown's resident Masters marathon runner, his long-distance season is just starting to gain momentum, but Daniell's priorities will be focused more on shorter distances this year.

Just last weekend Daniell, who came fourth at the North American Masters marathon in Winnipeg last June, ran at York University in some track events. He is wanting to diversify his running to accommodate more track events in his Masters' meets. One of the reasons is because of the number of hours it takes to train to be a hearty marathon runner.

But that doesn't mean Daniell will be holding back from any of the big marathons on the circuit this year - although he might not compete in as many. Just last week he ran in the 19-mile Hamilton Bay race and it, "proved I have the endurance for a marathon. The base is there now," he says.

In a race with over 700 competitors Daniell finished 16th in a field where age makes no difference. Usually Daniell competes with runners in the Masters division which is in the 40 years and above category.

SETS TEMPO
This sets the tempo for Daniell's next race in two weeks which will be the much touted Ottawa marathon May 10. He has been working on his mileage for the marathon and has been running over 80 miles per week since January. Oftentimes on the weekends he will run to Terra Cotta which is a 15-mile round trip. Daniell has been running the Ottawa marathon every year since 1976.

He decided to watch the Olympic trials at the Ottawa marathon but later decided to enter the race himself. Without prior marathon training he finished in 43rd spot with a time of two hours and 35 minutes. "It took me over two years to beat that time," he says.

Last year was Daniell's personal best year if he considers his time for a marathon. He completed the North American Masters marathon in two hours and 30 minutes in Winnipeg last June. The year before he won the overall cross-country Masters championships at Sunnybrook park in Toronto.

His future in marathon running is based partially on how he does in the Ottawa race this May. "My goal right now is to break 2:30 by as many minutes as I can," Daniell says. He would like to take three or four minutes off his personal best time and he thinks it is possible this year.

Daniell hasn't planned for too many marathons for the Fall and isn't sure quite yet if he will go to Winnipeg in June. "I'll tend to concentrate on track more, he says. If anyone doubts Daniell doesn't enjoy running, would he then enter a race on his holiday? Well, Daniell and his wife entered a race in Florida while with his family

during their vacation this year. Bob came third while wife Agnes finished first in her age category and third overall.

FAMILY VACATION
Often the Daniels combine Bob's track meets with a family vacation as they tote along a trailer and camp along the way.

Daniell belongs to the

Mississauga track club and hopes to compete in more track events over the summer. He is definitely running in the Toronto Star Trek this June, a race he won in 1979. Last year he finished second.

The local marathoner has been living in Georgetown since 1968. After a 12-year

lapse Daniell began competing again in an effort to improve his fitness. He was an impressive miler in high school and ran a 4:16 which was considered an excellent time twenty years ago. He says it took two years before he ran a marathon and four to five years before he built up his endurance.

Maureen the one

By HARALD BRANSCH
Herald Correspondent

Maureen McGowan of the Georgetown District High School will be competing in the OFSAA (provincial high school championships) on April 25.

Maureen qualified for the provincial championships after competing last Friday in the Peel-Halton gymnastics competition. She had a superb floor exercise and earned a score of 8.7.

This score put her first in the senior floor which entitles her to go to OFSAA this Saturday. Maureen also placed fourth in the senior all-round category. Maureen was the only competitor from the GDHS girls' gymnastics team to make the finals.

Maureen McGowan now advances to meet the best high school girls in the province at the Ontario Federation of Schools Athletic Association finals April 25.

Could Raiders' 'A' league collapse?

Continued from page B1
lines" in assuming the worst about the league he says Port Elgin want an Intermediate 'C' franchise and the Barrie Flyers have sold their name and playing date to a man who wants a team in a new intercontinental league consisting of Barrie, Syracuse and Tonawanda.

"Everyone is concerned about Midland and the Orillia Terriers are thinking of selling to junior operators for a chance at Tier Two hockey," Kentner says.

The Intermediate 'A' meeting will hopefully clarify the meaning of the following problems. Kentner says the Raiders must know where they stand before July 1st which is the deadline for Intermediate registration. If the present league folds and the Raiders want to join Senior hockey the registration is June 1st. Notification that a team is interested in operating at a higher level of competition is May 1st.

Ontario Outdoors

By R.C. (BOB) OLLIVIER

Get out that frying pan, MOE assures

One of the big questions these days is: are the fish we catch good to eat? Are there many contaminants in the flesh? The latest release by Environment Ontario indicates that the pollutants in the lakes are decreasing, and the fish more edible.

The guidelines are too long to include here, but I can get you a copy if you wish one or let you know for the area that concerns you.

Still lots of response from the Open House at Zeller's on the 11th of April. The new Mepps spinner, the Luxox is still hard to get, and my only advise is to keep watching as the Luxox is well worth waiting for. I agree, the new Zebco 145 reel is truly great. The closed face with the trigger and open face positioning makes the 145 the choice in spinning reels. There are still a few sheets of Rapala color charts of lures and knives available. Call me at 877-9290 for yours. Once again - many thanks to Zeller's in Georgetown for providing the space in their sports department.

CANOE ROUTES

The newly released book Canoe Routes of Ontario is what the water gliders of the country have been waiting for. It is a joint venture between the Ministry of Natural Resources and McClelland and Stewart, publishers. If you want an all-round book on the pleasures and skills of canoeing, the Canoe Routes of Ontario is a good choice. Over 100 canoe routes are included as well as tips and a few regulations that should be observed when out in the back woods areas of the province. Get it, you won't regret it.

The THROUT season opens this Saturday, or more to the point, 12:01 a.m. Saturday morning. A few hints for the beginner or to help you improve your chances on trout: use six pound test line or less. If after 10-20 pound trout then try eight pound test, it is truly all you need if you learn the skills needed.

Hooks, use number six or eight and as skills improve go smaller. Don't use a snap or snap swivel when bait fishing, but tie your hook directly to the line. A good knot is of the utmost importance for strength. If using lures, I highly recommend the size zero or number one mepps spinners. The "black fury" is my favorite color with the silver or gold following.

Flies: well the consensus is don't try it unless you have instruction. Fly fishing is a skill you have to learn, and then it is one of the best ways of fishing trout. Experts have their own choice of flies, newcomers should use nymphs in dark colors and small sizes.

Fish your nymph at or near bottom to start, then work up if the fish refuse your lure. Beginning fishermen should try the closed face spinning reels as they are almost foolproof - this is not to say beginners are fools. The rod MUST match the reel. For example a closed face reel must have a rod with offset handle, and small guides. Open face spinning, where line is visible has straight handle. I would not advise casting (commonly called bait casting) for beginners, although if fishing is your thing, they should be added to your outfit for certain situations.

BEVERLY HILLS

For the knowledgeable fisherman reading this, you already have a pattern worked out over the years, but be versatile and willing to try various methods. That BEST lure may not be what the trout want that particular day. You will want to know where to fish. The "traditional areas" - Owen Sound, Splake fair last weekend and the rainbow trout are all spawned. Try trolling in the bay. Thornbury could be tough - fishing has been poor with sporadic catches in the year round fishing areas.

Meaford: try the bay here also. Southampton; Port Elgin try here but be ready to do the bay. Port Hope; in the Ganaraska river - should be good. In all the above areas the trout have spawned and are heading back to the big waters, if not there already. There are always some late fish, and these may be spawning or be drifting back down river. If we get a little rain in mid week, the big rivers as well as the local streams should be great for native trout. Work the pools and runs early and late in the day. Fish the undercut banks during the day, and walk softly.

FISH NOTES

Glen Haffy, Airport Road below Hwy. 9. Bait and food available as well as stocked rainbow trout. Heart Lake north of Brampton - Rainbow trout stocked. Albion Hills north of Bolton on Hwy. 50, Rainbow trout. Bruce Mill near the Gormley Rd. - Stouffville side road - Rainbow and possibly Brook trout. Greenwood, north of Pickering - is always underfished. Meadowvale, on Credit river west of Hwy. 10 - brook and rainbow trout. Belfountain, on Credit River west of Hwy. 10 - brook and rainbow trout.

Orangeville, east of Hwy. 10 - rainbow trout. Monora, west of Hwy. 10 above Orangeville. Usually brook trout stocked. Kelso, past Milton stocked rainbow trout. Probably the best for local anglers is Terra Cotta conservation area. There will be 1,000 rainbow trout stocked there probably today.

Two stocked ponds and still some native brook trout in the large pond. Yours truly will be there to help youngsters and new fishers. Please look me up and feel free to disturb me to ask questions. The main reason I will be there is to help you, and I always look forward to meeting new folk. See you there?

Doc Russell rink takes first place

By PAT McLEOD
Herald Special

Men's Monday night curling ended with Doc Russell and his team of Warren Micklethwaite, Rolly Bradley and Dick Krouse taking first place. Second place went to Bob Jeffrey with Ken Tazzman, Bob McNeilly and John Kitley.

The Tuesday night Men's Competitive Curling finished with Roger Leveque and his team of Gord Campbell, Blain Mitten and Wayne Taylor in first place. Second place went to Jim Wilson and his team of Bruce White, Doc Russell and Frank Wilson - Bill Hunter. Bill spared for Frank most of the season.

The Ladies Thursday afternoon mini-spiel also finished this week. The mini-spiel featured different teams each week with each player accumulating their score over four weeks.

The top team ended up with Greta Lamb as skip, Brenda McMurray as Vice, Pat McLeod as second and Judy Brett as lead. Second place team had Joan Mustard as skip, Billie Webb as Vice, Dot Burgess as second and as lead Dot Hicks.

Now for the final event of the year. The Calcutta which finished on Saturday. Doc Russell's team skipped by Norma Wilson with Doc Russell, Warren Micklethwaite and Theresa Smith won the A event. Runner up in the A event was Les Ashcroft's team with Les as skip with Alice Frazer, Ed Parker and Ken Sidebottom.

Bill Steley's team skipped by Steve McDermot with Bill Steley as vice, Bob Smith and Mary Kitley won the B event. Runner up in the B event was Ron Perogo's team skipped by Julie White with Ron as vice, Bill Hunter and Bill Kitley.

Winner of the C event was Al Dean's team with Al as skip and Mike Makovnyk, Marg O'Flaherty and Lols Makovnyk. Runner up in the C event was Roger Leveque's team with Roger as skip with Mark Perogo, John Kitley and Ev Dean.

On Monday April 27 the Ladies Wine and Cheese party starts at 7:30. Please attend, this is a business meeting with electronics to be held.

Have fun this summer and see you on the ice next year.
