

Too much consultation and not enough action - Jelinek

Halton MP Otto Jelinek continues to hound industry, trade and commerce minister Herb Gray over the Liberal government's failure to help the nation's ailing auto industry.

The progressive Conservative party's corporate affairs spokesman, Mr. Jelinek recently charged in the House of Commons that the government has overextended its consultation and review stage, thus postponing further a "comprehensive policy" to deal with the industry's troubles.

He repeatedly called on Mr. Gray to take immediate action that would reduce the threat to the automotive industry's security posed by Japanese imports that, in the last year alone, have increased their share of the auto sales market by 81 per cent.

Emphasizing the vulnerability of the industry during this re-tooling stage, he urged the minister to develop an all-encompassing policy that would protect the industry in its "catch-up" period and assist Canadian manufacturers in regaining their fair share of the U.S.-Canada Auto-Pact trade.

Maureen's a contender for scholarship

Grade 13 student Maureen McGowan of Reid Court in Georgetown is one of 100 semi-finalists across Canada vying for a Jostens Foundation Scholarship.

The Georgetown District High School student is one of 500 Canadian secondary school students who have applied for the 26 scholarships available. Winners will be announced this spring. Selection of the finalists and winners is based on outstanding achievements in school and community affairs, academic excellence and meaningful work experiences.

The Citizens Scholarship Foundation of America, of Concord, New Hampshire, as administrator for the Jostens Foundation Scholarship Program, has selected the semi-finalists and will select the winners after receiving additional information. Semi-finalists who do not receive scholarships will receive Certificates of Recognition. Funds for The Jostens Foundation are provided annually by a major support program of Jostens, Inc., a Minneapolis-based manufacturer of custom-designed products which motivate individuals and recognize achievements in business, education and athletics.
