WILLIAM ELLIS REAL ESTATE

Home of the Week

An attractive view of the curving, hardwood staircase, which leads to the 4 bedrooms on the second floor.

Answer all your dreams with one smart buy!

Have you ever dreamed of owning property, raising horses, living in a beautiful home, and providing a retirement home for your parents or in-laws? You could do it all by being the new owner of this fine property.

Set back from a country road on 50 acres of pasture land is a group of buildings including a barn, a drive shed, a cozy 2 bedroom cottage and a large 2 storey brick and siding executive home. One of the conveniences of the location of the estate is its relatively close position to Mohawk Raceway—a plus for horse lovers.

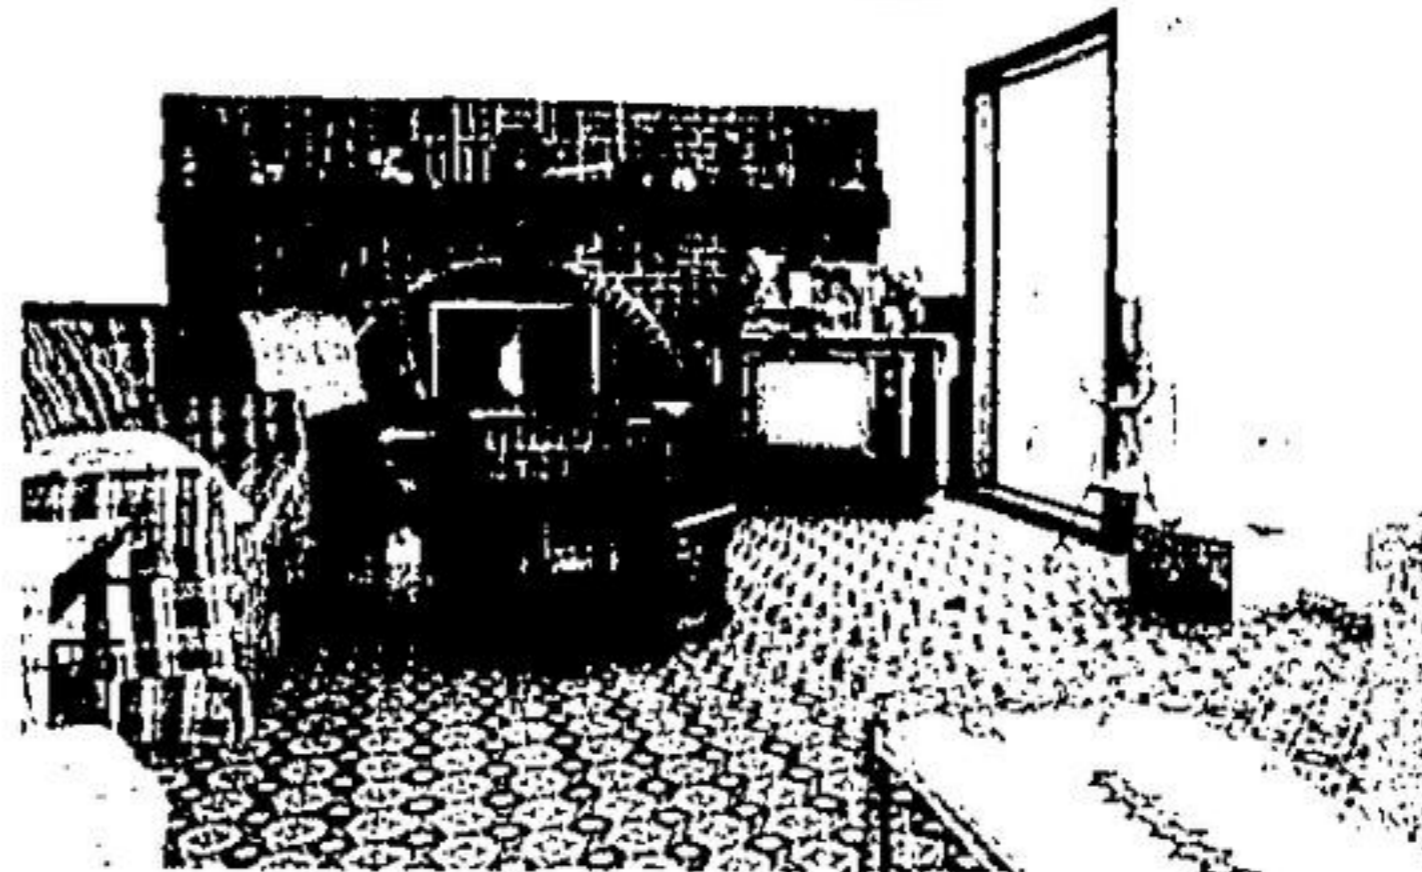

The main house is roomy enough for the largest of families. The ground floor has a 2 car, attached garage, main floor laundry room, a large, modern kitchen with separate breakfast nook, formal dining and living

rooms, and a large family room. The family room is cozy and comfortable with its wood burning fireplace and walk-out to a wooden sun deck at the rear of the home.

The most appealing feature of this home is the curving, hardwood staircase leading up to the 4 bedrooms on the second floor. The master bedroom is enormous with its ensuite bath and dressing room large enough to use as a den or sewing room.

Quality carpeting is included throughout the home. The extras include: central vac, intercom and kitchen aid. The basement is full and unfinished.

Cozy and bright best describe the family room, located on the main floor of the home. Brick hearth and wooden beams in the ceiling add a charm all their own.
