

Back to Acton Days

Downtown Acton and Prospect Park filled with Canada Day celebrants

Miss Acton Fall Fair, Lisa McGrath, was active during the Back to Acton Days festivities, even finding time to help out with the pony rides and entertain some of the more reluctant little cowboys. Here, she comforts and amuses an apprehensive Tom Robertson, 3, of Acton.

The tumbler rolled and rolled and Actonians stood by hoping for their winning number to indicate that MP Otto Jelinek had indeed brought them good fortunes. The Back to Acton days held a captivating and spellbound audience last weekend while the lottery numbers were read. (Herald photo)

MEANWHILE, IN BALLINAFAD'S BURNETT'S FIELD

Parades and food and displays and happy children provided the backdrop to celebrations at Burnett's Field Saturday in Ballinfad. Helping to provide lots of pretty scenery are hat-toting flag-wearers (back row, left to right) Angela Banish, 6, Pamela Cox, 6, (front row) Terry Banish, 5, and Gregory Cox, 4.

ECONOMICAL LEISURE HOME

This simple and economical to construct recreational home design is ideally suited to the narrow cottage building site, yet it provides almost 1,000 square feet of well-organized finished floor area, to result in an ideal retirement home or holiday cottage for the medium-size family. Mixed vertical and horizontal channel siding and a durable shake roof make for a solid and maintenance-free exterior finish which will endure well over the years. For those who prefer, the shake roof could be alternately finished in shingles.

The main entry leads traffic directly into the kitchen, from which it is only a few short steps to the left and into the long rectangular living room and dining area combination. A compact vestibule-style entry could be constructed around the main entry door and outdoor storage area, to serve as an "air-lock" which conserves energy by limiting heat loss.

The living room features sliding glass walk-throughs in its two exterior walls; the one providing access directly to the outdoors, the other opening into a fully-enclosed porch/patio which is shared by the master bedroom.

The well-planned U-shape kitchen provides a logical work triangle configuration for step-saving, generous countertop work surfaces and abundant cupboard storage facilities. It could easily be constructed so as to form a snack-bar counter dividing the kitchen from the dining area.

All three bedrooms are positioned to the rear of the floor plan and away from the main activity area for freedom from disturbance. Each has good exposure for view and natural light, and each has ample closet storage facilities. The largest of the three bedrooms has full-width closet storage and a sliding glass walk-through which provides access to the enclosed patio.

A central service core containing the heating unit and hot water tank is positioned behind bi-fold doors for ease of access when servicing.

An excellent leisure home design which will create an affordable and low-maintenance holiday and week-ending retreat.

Plans for design No. 1-983 may be purchased either by the single set, at a cost of \$110.00 for the first set and \$20.00 for each additional set, or by the package. A live-set plan package, including the first set, is economically priced at \$165.00 and an eight-set package, also including the first set, is only \$200.00.

Whoever method you choose, please include \$5.00 for postage and handling. Ontario residents please add 7% sales tax.

Send for Select Home Designs' cottage magazine, series 49, featuring money-saving, do-it-yourself ideas and informative articles on the Canadian cottaging scene, plus 18 full-color pages of quality cottage plans for all seasons. Available for \$2.50 (\$1.75 plus 75 cents postage and handling).

To order any of these items please send cheque or money order, payable to the Home of the Week, c/o The Halton Hills Herald, Suite 201, 851A Jane Street, Toronto, Ontario, M6N 4C4.
