

A classic kitchen... Inspired by "country charm"

Country living has a quality admired by many, and that quality inspired a kitchen design that combines ceiling beams, exposed brick, a window greenhouse, and abundant storage — along with the convenience of modern appliances.

The resulting "Country Charm" kitchen was designed by W.J. Ketcham, CKD, manager of kitchen design for Hotpoint major appliances, to illus-

trate modern functionalism in a rustic setting of country comfort that is easily adaptable to urban living.

Ketcham says that he used the country theme because the surroundings make the kitchen a pleasant place to be, so he was able to fit the modern appliances into functional use patterns while keeping a decor of ease and comfort.

He also pointed out that while

this kitchen is larger than many (16'x12'), "... the ideas and general shape can be adapted to different shapes and sizes."

The kitchen contains Hotpoint major appliances including a side-by-side No-Frost refrigerator, built-in double self-cleaning ovens, CounterSaver[®] built-in microwave oven, and a 13-cycle dishwasher, plus surface cooking unit, food waste disposer, and a trash compactor.

"COUNTRY CHARM" WORK-EFFICIENT KITCHEN incorporates styling, lighting and storage ideas along with the convenience of fully featured built-in major appliances. Kitchen design and built-in dishwasher, trash compactor and refrigerator by Hotpoint.

Mirror bifolds create look of elegance

Continued from page 5

then adjust and lock securely for smooth operation.

Benchmark bifolds feature top quality mirror glass with finished edges and secure metal clips at top and bottom. And, Benchmark bifold doors are shaped from a single sheet of 24-gauge steel with extra channels for extra strength.

With multiple styling choices in two models, homeowners can enjoy a customized decorating look.

The full mirror model comes as a two-panel door with two full-length mirrors at the 6'8" height and a choice of 2'0", 2'6" or 3'0" width doors. These can be combined to cover widths up to an entire wall.

There's also an elegant "Half-n-Half" version in a lower price range. In this style, one panel is a full-length mirror. The other panel is a colonial embossed design.

This style comes in two-door sets which place the two mirrors together in 4', 5' or 6' widths. These may also be combined for a total wall of storage.

Best of all, with Benchmark bifolds you'll enjoy performance features such as full access and 180 to 360 degree vision. So, mirror panels on double closet doors can be placed to provide front and back views as a grooming aid.

Designed to be fully sound-

Take stock of your possessions

Preparing an inventory of valuable household items can save you time and trouble in the event of a loss.

- Make a list, room by room. Don't overlook the contents of drawers and closets.

- Take pictures. They make an excellent supplement to your written inventory.

- Save receipts for major purchases.

- Put the inventory and photos in a safe deposit box or another safe place. Give a copy to your insurance agent or representative.

- Update your inventory periodically.

deadened, Benchmark bifolds offer a complete range of engineering advantages.

For an easy floating action,

both pivot rods and glide rods operate with nylon-quiet tips and bearing that eliminate metal to metal contact.
