**Ellis Real Estate Limited**

## Home of the Week

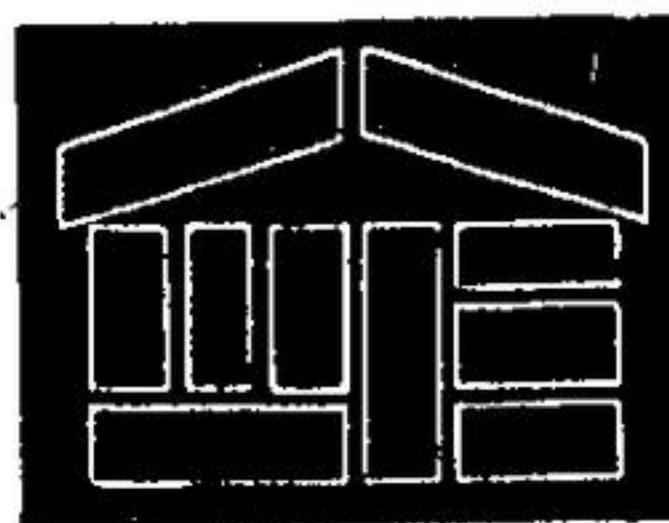

**"HARVEST HOME"**

The whole family gathers in the kitchen of this century home. The old wood stove radiates the warmth of Thanksgiving . . . and you can almost smell the aroma of the roasting turkey and the pumpkin pie.

This fertile ten acres is located just off Highway 10 near Inglewood — and what a view of the Caledon Mountain!

This exceptional property is offered at \$164,900.00. Please call Bette Stokes for details.

The huge 90'x60' bank barn allows you to "be a farmer" regardless of the type of livestock you prefer.
