## Ballinafad Village ladies top Acton softball league

By WINIFRED SMITH  
Herald Correspondent  
877-2000

The church was beautifully decorated with the fruits of the harvest for the Thanksgiving Sunday. The minister had a most appropriate sermon.

The beautiful hymns sung and the delightful Thanksgiving Solo which Doreen Burt selected to sing as part of the service made for a most enjoyable hour of worship.

Most residents of Ballinafad will be both surprised and pleased to learn that the Ballinafad ladies baseball team won the league championship (Acton Ladies Softball League). They finished third in the season and played the two top teams and won in the playoffs.

The ladies called themselves "The Ballinafad Blue Jeans". Their names were Betty Nolan, Barbara Case, Ann Haywood, Vivian Bremner, Marion Tilcox, Marnie Tilcox,

Carolyn Tilcox, Elaine Bowman, Donna Metcalfe, Penny Shortill, Vera Longstreet, Bonnie Walker, Jean McCutcheon, and Martha Lewis.

The ladies would like to extend a special thanks to their coaches, Jim Bailey and Paul Metcalfe, for being such good sports and their unfailing support, also thanks to ballboy John Malody.

Mr. and Mrs. Eddie Smith and Usula Eckert recently enjoyed a four-day bus trip to Agawa Canyon.

Mrs. Slesoraitis was hostess for the October meeting of the W.I. last Wednesday evening. There was a good attendance.

After the usual opening, the roll call was taken. It was "Name a T.V. commercial that insults your intelligence". When the Business part of the meeting ended, Frances Buckrell as convener for Citizenship and World Affairs took over from the President.

Mrs. Given took the motto - "A Winner never quits and a quitter never wins". Everyone present gave a current event. Grace McEnery spoke briefly on a disabled person of the month.

Mrs. Buckrell then showed some beautiful slides of places she had visited on her travels. When the president returned to the chair, a few new items of business were discussed and then closed with the singing of "O Canada". The committee in charge assisted the hostess with serving a tasty lunch.

Congratulations are in order for the Ballinafad W.I. as they won an award regarding their canvass for the Canadian Cancer Society which is held annually in April.

Ada Kirkwood attended a banquet recently to represent Ballinafad W.I. which was held in Arthur to honor the award winners.

Sorry to hear Mary McLean met with a painful accident recently while working among the cattle in the barn. She suffered injury to her leg, but is recovering slowly.

Frank Smith is now home from the Georgetown Hospital and is progressing very well.

Holiday visitors with the O'Connor family were Mr. and Mrs. Gordon Carmack from Arthur, and Doreen Burt from Erin.

Rev. and Mrs. Ralph Mann and their little family from Cobourg visited their grand parents Sunday, also Miss Sharon Burt, who is a student at Kingston University.

Mr. and Mrs. Jesse McEnery recently arrived home after visiting with friends at Kirkland Lake.

# Choose quiet Bible reading times

## IN THE CHURCHES

By Bob Ollivier

There has been a lot of enquiry lately about a regular study of the Bible. Last week I mentioned the efforts of Scripture Union. This week it's the World Home Bible League and its affiliate, the Canadian Home Bible League.

Box 524 Weston, Ont., M9N 3N3, is the address to use for the booklet "Blueprint for Successful Living" that's issued each month. This small booklet fits in your bible or pocket and will lead you completely through the Bible in one year.

Many people including Christians have never read through the Bible once in their lifetimes, yet it is simple by making a regular effort to read a small portion each day. Choose a time when you will not be disturbed, such as

when first up in the morning, after supper with the whole family or maybe lunchtime at work. Personally, I still remember the thrill as I finished the complete Bible for the first time from cover to cover.

The Halton Hills Christian Women's Fellowship meeting next Tuesday (Oct. 20) will be held in St. George's Anglican Church hall. Time is 1:15 to 3:15 and babysitting or nursery facilities are available at Maple Avenue Baptist Church.

Pat Pepper, a renowned guitarist, singer and songwriter, will be the featured speaker, and The Village Shop of Georgetown will present a fashion show of fall and winter wear. Reservations and further information are available from Ruth Buttery at 877-4158.

A new wave of anti-Christian vandalism has hit Israel. A Sephardic Rabbi has declared that the Bible is not a holy book, and thus may be burned. Radicals have taken the words to heart and Bibles are sometimes burned in the streets.

A new denomination was formed this year, when 15 congregations with 28,000 members broke from the United Presbyterian Church. Cardinal points in the new Evangelical Presbyterian Church's confession are adherence to the infallibility of the Bible and the deity of Jesus Christ.

National Bible Week in the U.S. is Nov. 22-29 and President and Mrs. Reagan will be the first husband and

wife team to serve as honorary chairpersons. Sponsored by the Layman's National Bible Committee, this is the 40th year of observance.

China on the move: the entire 135,000 copies of a Chinese Bible have been sold at a cost of \$3 each. Christians in China are estimated at five million. That country has a population of one billion.

The general director of the Northern Canada Evangelical Mission, L.W. Elford, states "any help to faith reduces it to non-faith. - we have been so affected by the fall of man, that we lay hold of any visible object or ceremony rather than trust in the unseen presence of God." Read Galatians 5:2-6 and 11 Kings 18:4.

Moses had the brazen serpent created to work God's cure of the serpent's bite. By the time Hezekiah came on the scene, the serpent had become an abominable idol, and he had it destroyed. We need no object or fixture to assist us in faith. Faith is faith, it needs no assistance.

## Tree symbolizes Holy Cross program

Holy Cross Parish in Georgetown is simultaneously celebrating its 25th anniversary and 125th anniversary of Service, Devotion and Worship of the Hamilton Diocese.

Along with these celebrations, a special three-year program called "RENEW" is being inaugurated this October for the purpose of spiritual growth of the people of God as a vibrant faith community.

The Renew plan is geared to embrace the needs of all Catholics active and non-active. Of special interest are the large group sessions which are open to anyone interested in updating their understanding and awareness of the various areas of ministry and teaching of the Catholic Church. They will be presented every Wednesday night for five weeks beginning Oct. 21 at 8 p.m. in the Church Hall.

Nov. 1 at 2 p.m. in the Church, there will be a special Mass of Communal Anointing for the sick, elderly and handicapped, for whom transportation will be provided. Phone 877-1470 days and 877-8090 evenings.

These get-togethers are a prayerful yet informative format, giving all participants an opportunity to socialize and build a community spirit. The Church bids you welcome.

The RENEW "tree" is a symbol:  
- the trunk: old and growing as it bears new life;  
- the roots: the deep-rootedness of our Catholic tradition;  
- the leaves: the new growth through renewal in Christ;  
Plant your roots in RENEW... watch your parish grow into a vibrant faith community.

## Good time to 'Renew'

Young adults - especially those planning to marry and raise families - and their parents are urged to attend the first in a series of large, group sessions being conducted as part of Holy Cross parish's "Renew" program. The session, entitled "The Good News of Fertility Awareness," will feature guest speakers Dr. and Mrs. Matt McQueen, who are respectively head of the clinical chemistry department at Hamilton General Hospital and a lawyer. The parents of six children, the McQueens have been a certified teaching couple in the field of natural family planning for two years.

The presentation of the second annual Children's Services Pin next week will recognize an outstanding individual who has made a significant contribution towards improving the quality of life for young children in the area.

## A Home Of Your Own

Here's a charmingly traditional non-basement bungalow which is perfectly suited to the narrow-to-medium frontage residential building lot, and which provides in excess of 1,300 square feet of well-organized finished floor area, plus a further 144 square feet of storage space in the unfinished loft above the main living area. The traditional exterior is finished in horizontal channel siding, with a frame chimney and shingle or shake roof.

The sheltered main entry leads into a spacious reception foyer and outdoor storage area, from whence traffic moves forward down a short hallway and right, into the L-shaped living-dining room combination. The living room features a corner-positioned, energy-efficient, zero-clearance fireplace and a wide sliding glass walk-through which provides access to the spacious rear patio. The dining area separates from the kitchen via convenient pocket door and utility area.

The well-organized U-configuration kitchen-dinette combination has a step-saving work triangle configuration, generous counter-top work surfaces and ample cupboard storage. The dinette could be furnished with either a dining suite or built-in banquette-style nook furnishings.

To the rear of the kitchen is positioned a convenient laundry facility, with a side-by-side configuration of washer and dryer, and a generous linen storage closet. The central hallway contains the heater and hot water tank, concealed behind louvered bi-fold doors for ease of servicing. Adjacent to this utility closet is a cupboard containing a ladder access to the spacious storage loft.

## THREE-BEDROOM BUNGALOW IDEAL FOR NARROW LOT

Each has ample closet storage facilities and good exposure for view and natural lighting. The large master bedroom features a wide sliding glass walk-through which provides access to the rear patio, a full walk-in closet and a three-piece ensuite bathroom with tub.

The design affords optimum use of available space and provides excellent rearward exposure to capitalize on the view.
