Walleye making b-i-g news

WALLEYE fishing is making big news these days. It seems the big fish are making a good showing this year, with a 16 1/4 pounder caught recently. The season is open until March 31st in area 15 and all year in area 18, and these cover the Georgian Bay shoreline and Moon Basin, where the lunkers hang out.

Use a six inch Rapala as the smallest size with the nod going to the number 18 Rapala. The new magnum mentioned here recently should be excellent for the large Walleye, and this line of lures has inter-connecting hooks.

This means the hooks are connected to each other with wire and won't pull out of the lure as those rigged with screw-eyes and split ring. A 15-pound walleye can wreck a lure in short order, and if you tie into a Muskie there is a better chance of landing it on a Rapala. Slow troll the shoals and reefs for late season walleye, and don't forget the incidental catch; Pike to 20 pound, Muskie to 50 pound, Bass until Nov. 30, Rainbow Trout and Sturgeon.

ALL I.F.G.A.I.

They are all available in the same water and all legal. Check the summary of the fishing regulations for exact dates, and have fun. While we are on the subject of Pike, a little known fishery exists for huge pike in places such as Lake Ontario. All the great lakes contain good populations of pike that head for the deeper water during the warm water season, and these fish cruise back when the temperature drops.

These Pike weigh as much as 15 to 20 pounds and can be caught off the shore of Lake Ontario, if you can find a weed bed that drops off into deeper water.

They are not available along ALL the shoreline, but where they are, the fishing is top rate. Fish a live sucker minnow or other bait fish at the edge of the weeds or slow troll the weedline.

With some changes in the "All Year" areas covered by the fishing regulations the Credit River could prove to be as good as the Saugeen or other top fall Rainbow Trout rivers.

There is a lot of fish in the river, but a very small area open to fall anglers. There is a lot of talk about damage to the "resident" fishery, or those fish that are resident all year and never leave the river.

New pocket folding knife

However, the methods used for fall rainbows, very seldom take the brook trout that are in the river, or other species for that matter. We must apply pressure to the Ministry of Natural Resources to open more of "our" river for fall fishing, and relieve some of the pressure on other rivers and on us fishermen as well.

It is not always possible or practical to travel all the way to the Saugeen or up to Owen Sound for a days fishing, especially with the cost of travel these days.

NEW KNIFE

In keeping with my policy of introducing or bringing quality products to my readers, a new Pocket Swede series of knives have been introduced by Normark. There are three sizes ranging from a small pocket model to a big game size.

Brushed satin finish stainless steel sides and inlaid wood make them durable as well as attractive. Locking back with a recessed latch, lock bar and spacer of steel, and steel pins with brass bushing speak of a design of excellence in the new Normark pocket swedes. No news on the archery hunt yet, but that is normal. There is a lot of time and work before a deer is bagged by bow, and this all takes time. Please call with any news. With the Indian summer we are going to get, (if I am sure) the fishing should be more comfortable, and the small game hunting should pick up again.

Those ducks that have come down from the northern areas are still with us, and will be available for some time. The heavy snows we should expect this winter may keep travel down but the ice will be on the Lakes around Mid-Central Ontario by the end of January.

Then we should have a fair season but not a long one, as spring is going to be early in 1982.

well with Kent Kentner scoring the opening goal of the game five minutes into the period on a pass from Mike Coffey.

But then Akers fought back with three consecutive goals by Jim Blair, Bob Ellnesky and Grant Bodnar to take a 3-1 lead at the end of the second period. Assists in the period came from Doug Thompson, John Boyce, Bob Sargent, Jim Blair, Greg Bodnar and Scott Arnold.

The second period would be one twenty minute slot the Acton team would rather forget. They were shut out by Akers 5-0 as Bob Ellnesky scored two to give him a hat trick while Scott Beckett, Doug Thompson and Jim Blair collected singles.

Assists on the goals came from: Darren Kuchmach, Greg Bodnar, Jim Blair, John Boyce (2), Hal Hulme, Doug Thompson (2) and Bob Ellnesky.

Darren Kuchmach made the score 9-1 for Akers in the third period from a pass off of Scott Beckett's stick. With three minutes left in the game Don Richard for Acton took control and netted the second goal of the game for his team from Chris Tennant.

Wilson Insurance 4 Don's Auto Service 4

Three consecutive goals by forward Brian McKenzie in the first period seemed to take the wind out of Don's Auto Service as the first period score ended 5-1 for Wilson's Insurance.

Chuck Williams started Wilson's off with a goal at the 4:48 mark of the first period, then McKenzie hit the mesh with three goals. Chris Broadbent also netted a single to end the first period scoring. Assists came from Chris Broadbent (3), Scott McClelland, Brian McKenzie and Tom Davies.

Don's lone goal came from Pat Zuber assisted by Jamie Hansen.

In the second period Brian McKenzie continued his scoring spree, getting a goal from Wilson's teammate Chuck Williams' pass. John Sheppard from Don's Auto avenged the goal on a pass from Kevin Hughes. But six minutes later Brian McKenzie scored his fifth goal of the night from Chuck Williams to make the score 7-2.

Don's Auto picked up the pace in the third period as they scored two consecutive goals by Glenn Milne and Brian King, assists from Kevin Hughes.

Chris Broadbent ended the scoring from Brian McKenzie and Tom Davies. De Boer's 2 Tavern 5

De Boer's Movers surprised Hollywood Tavern 1-0 after the first period on a goal by Wayne Doell from Marty Weaven and Doug Barnes just two minutes into the game.

After the second period Norval came back and scored two goals as De Boer's collected one more for a 2-2 tie. Keith McKinnon put De Boer's two goals ahead from passes by Merel Hache and Doug Pemberton. Then Norval came alive, spurred

on by Larry Peterson and Mike Richmond. Assists were collected by Ian Syme, Randy Robbins and George Poulsen.

The third period belonged to Norval as Dean Popell made the score 3-2 for the Tavern while two consecutive goals by Mike Richmond ended the game on a 5-2 note. Larry Peterson had two assists while Dean Popell and Bruce McPhail collected singles.

McNally Major Atoms edged by Burlington

By JOHN FELICE Herald Special

The old adage that hockey is a game of inches was never more clearly demonstrated than on Tuesday night when the McNally Construction - Georgetown Firefighters Major Atoms clashed with Burlington at Memorial Arena.

The locals narrowly missed on at least half a dozen shots and lost to a hustling Burlington squad 5-4.

Deflections were the story of the first period. The visitors sported a two goal lead before Travis Gardiner put a John Brooker shot home at 1:58.

Alan Gray, from Doug McDermott, beat the Burlington netminder on a high shot to tie the game at 7:50 of the middle frame. Adam Bennett put Georgetown in the lead at 1:23 with

Team was 'hungry' for a win.

United Fire Safety split weeks' games

By L. THIBAUT Herald Special

Continuing their record of playing about 500 hockey, the United Fire Safety Pee Wees absorbed their second loss in as many games against a strong Burlington team, losing 5-0 last Thursday Oct. 25.

Despite a valiant effort, Georgetown couldn't mount

enough effective offence as Burlington kept clipping away with a goal in each of the first two periods and three more in the final period.

However, coming up with an all out effort in the second league game of the week, the team tied Streetville on Saturday Oct. 24.

After building up a two goal lead in the first two

periods, on scores by Mark Shepherd and Trevor Harkley, the home squad allowed the opponents two goals and finally battled to a 2-2 tie.

On Sunday Oct. 25, the minor Pee Wees came out flying and built up a three goal lead against Orangeville in an exhibition game.

The team was hungry for a win after losing two previous games to them. Although the opponents fought back with two goals, Georgetown dug deep and put the puck in the

net three more times late in the third period to earn a solid 6-2 victory.

The team was paced by

Jason Arnold and Don Cruise each with two goals, while Jeff Brady and John Lorito each scored once.
