

## Custom Christmas Shopping Begins Here!

Upon entering **CUSTOM CAR SOUND** the Pomeroy's were amazed at the personal service Gord offers to ensure you choose the proper stereo system. Gord explains that he's capable of producing well over half a million stereo combinations to guarantee you can purchase the system that best suits your budget and tastes.

Here, Judy tries out one of the more popular **AUDIOVOX** systems while Pete listens to the beautiful sound coming from the system she's selected.

And, at **CUSTOM CAR SOUND** you can wrap it up now and get it installed for free after Christmas. OR, if you'd like it installed before Christmas, here's a reminder to book early for pre-Christmas installations.

## A Family Portrait Can Make Your Christmas A More Memorable One

When that special occasion arrives, only a professional can capture it just the way you want to remember.

Pete and Judy are well aware of the professionalism that **MR. FISHBACK** provides, as they have had portraits taken in the past. They also know that a professional photographer is in high demand and have taken this opportunity to book his services in the spring. Here, **MR. FISHBACK** shows Mr. and Mrs. Pomeroy some of his recent work and gives them a lesson on framing techniques and capabilities.

If you wish to have a family portrait taken this holiday season, please make the effort and book early to ensure a comfortable day (or night) and time.
