The Pomeroy's were very pleased with the selection of merchandise on display. They showed particular interest in a stereo system named Aurex by Toshiba.

Uncompromising performance has always been an Aurex tradition and the model they looked at was no exception. Beneath its stream lined exterior lay a wealth of features including Memory Preset Tuning, Touch Tone Selectors and Digital Display.

RYDERS TV also carries an excellent selection of name brand merchandise which includes MAGNAVOX, QUASAR and SANSUI.

Their No Credit Card Policy enables them to have quality merchandise at very competitive prices.
