

EXQUISITE GIFT SELECTION

GOODLETS HOME HARDWARE has been shopping the world for over 35 years to bring you one of the biggest selections of Christmas Gifts in the area. Their fine selection includes Chinaware, Copperware and Earthenware. Mrs. Pomeroy's eye was drawn to a beautifully made Copper pot, perfect for the collector on her Christmas gift list. GOODLETS have hundreds of gifts still priced under \$10.00 and of course your purchase can be gift wrapped at no extra charge.

The Hunt for Fine Dining in Georgetown Is Over —

HUNTERS INN

For a break in the hustle and bustle of Christmas shopping, stop in for lunch or dinner at the newly re-opened HUNTERS INN. The cosy atmosphere and friendly, prompt service will make you forget shopping hassles and chilly weather.

Mayor Pomeroy and Judy enjoyed a delicious luncheon here during their Christmas shopping tour.

The Pomeroy's and their hosts tried the quiche, omelette seafood crepes and peameal bacon on a bun.

Chef Bill Cox and his wife Betty pay attention to every detail to make dining at HUNTERS INN a truly enjoyable experience. The wide menu varies at each lunch and dinner but this restaurant is fast becoming famous for its quiches, ribs, lasagna, stuffed sole and — the piece de resistance — homemade cheesecake.

Treat yourself and your whole family to a meal at HUNTERS INN... you won't be disappointed.
