## A Home Of Your Own

### LUXURIOUS TUDDRESQUE TWO-STOREY

Here's an impressive two-storey home design which incorporates all of today's convenience features, and which provides spaciousness and room to continue the development of the home for the larger family. The design is ideally suited to the medium frontage residential building lot and provides in excess of 2,100 square feet of well-organized finished floor area on two levels. The exterior finish will satisfy the most discriminating tastes - mixed stucco and barge board trim, with generous application of brick veneer; twin brick chimneys, small-paned windows, and a heavy shake, or more conventional shingle, roof.

The porch-style main entry leads into a spacious reception foyer, which contains the outdoor storage closet, a two-piece vanity bath and the stairway to the second level.

A large un-finished area is positioned to the left of the upper level floor plan. It possesses a charming dormer eave and protruding bay-window. This area could be developed as the fourth and master bedroom, with a private three-piece bathroom as illustrated, or as a lounge-study-library for the business-oriented family which has children of student age.

The full basement enables future development of additional accommodations and/or recreational facilities, as well as providing generous storage area.

Plans for design No. 80-2131 may be purchased either by the single set, at a cost of \$125.00 for the first set and \$25.00 for each additional set, or by the package. A five-set package, including the first set, is economically priced at \$390.00 and an eight-set package, also including the first set, is only \$420.00.

Whichever method you choose, please include \$5.00 for postage and handling.

Send for the current edition of Select Home Design's magazine, series 50, featuring imaginative decorating and home improvement ideas, plus 250 quality home plans of every type. Available for \$2.75 (\$2.00 plus 75 cents postage and handling).

To order any of these items please send cheque or money order, payable to the Home of the Week. Address to: Home of the Week, care of the Halton Hills Herald, Unit 1, 151 Carlingview Drive, Rexdale, Ontario, M9W 5E7.

From the foyer, traffic moves left and down into the sunken living room. The living room features a raised-hearth masonry fireplace and wide, front-facing windows which lend a classically formal tone to the room. The dining room is elevated two stairs from the living room. It features a sliding glass walk-through which provides access to the rear balcony, for outdoor dining in fine weather. For greater privacy, the dining room could be separated from the kitchen-dinette via pocket door or salmon-style swinging doors.

All three existing bedrooms are positioned on the second level, accessible via stairway from the main entrance foyer. Each has generous closet storage facilities and good exposure for view and natural light. The large master bedroom possesses full-width closets and a three piece ensuite bathroom with shower.
