Meet The Herald's feature team
 The senior girls hockey team in Georgetown, under the auspices of the GDMHA, have played 12 games this season against teams from Milton, Burlington and Oakville. Oakville has three girls teams while Burlington has two teams. Although the girls haven't won every game they've played this season, their manager Doreen Dobbins has seen a marked improvement in the Georgetown girls' play when the round-robin playoffs begin in February look for Georgetown to be in the thick of things.

Big Fish results are completed

By R.C. (BOB) OLLIVIER
 Results of the Molson's OFAH 1981 Big Fish contest are now finalized. Two Muskies vied for top spot at an even 55 pounds each. In this case the longest fish wins and the prize went to Craig Dawson of Dryden with a Muskunge of 56 1/2 inches, 1 1/2 better than Gary Ishii's monster.
 Dawson won \$150 plus a 55 horse power Evinrude outboard for smashing the previous record. The Rainbow category went to Joseph Meluck with a 24 1/2 pound 'Bow taken from Georgian Bay.
 A low number of Salmon were entered with Lucky Harris of Mississauga taking first, third and sixth in the Chinook class. For a complete list of winners write to Ontario Federation of Anglers and Hunters at P.O. Box 28, Peterborough, Ontario, K9J 6Y5. Why not enclose sufficient postage to cover. About 50 cents will suffice and it will go a long way to eliminating cost to the Federation.

A Home Of Your Own

Here's a practical and convenient luxury home design which is ideally suited to the narrow, irregular lot. The house is built on a raised foundation, providing nearly 1,000 square feet of well-organized finished floor area. The vertical channel design and the roof of the exterior finish are designed to provide many years of maintenance-free durability, with high visual appeal and the ability to harmonize well with a variety of natural settings. A full-width row of clerestory windows on the salt-belt roof line are designed to provide natural solar heating if the structure is correctly selected with the glass area facing south.

The elevated main entry leads to a compact reception foyer which, with the space-saving pocket door, forms an energy-conserving vestibule entry. From the foyer, traffic moves straight down the hallway into the large, bright, open living dining room combination. The living room features a dramatic vaulted ceiling, a full-width sliding glass walk-through and a raised-hearth masonry fireplace with a built-in storage on the balcony side. The adjacent dining area features a large bay window which, when swung into position, creates an additional sleeping area for occasional guests.

The well-planned, gallery-style kitchen provides generous counter-top work surfaces, abundant cupboard storage and a top-loading work triangle combination. A wood-front cabinet and stack bar divide the kitchen and living area, providing seating for casual snacks. Adjacent to the kitchen is a convenient space-quality room, complete with the heater, hot water tank, washer and a generous laundry storage facility. An entry from the storage garage makes the area to be done duty on a mud room facility.

Two finished bedrooms are positioned to the front of the floor plan, away from the most living area for freedom from disturbances. Each has generous closet storage and sliding glass doors providing access to the wrap-around balcony. The balcony could easily have a hot tub or spa installed for maximum luxury and convenience.

Plans for design No. 1-237 may be purchased, either by the sheet set, at a cost of \$129.00 for the sheet set and \$21.00 for each additional set, or by the package. A free set plan package, including the first set, is automatically priced at \$180.00 and an eight-set package, including the first set, is only \$225.00.

Whichever method you choose, please include \$5.00 for postage and handling. Ontario residents please add 7% sales tax.
