Terra Cotta stocked with trout

Terra Cotta is now stocked. As mentioned here last week, there were problems encountered by the Credit Valley Conservation Authority in getting trout from the Ministry of Natural Resources.

However, last week the pond (Muskrat pond) was stocked with Rainbow trout. The fishing has been very slow due to the cold weather and water, but sun on the water will improve that situation.

Belfountain is also stocked if you fish there. The long weekend was a "wash-out" for many fishermen, although there were sunny periods in the traditional north country. Yet there

This is what the new trophy kits by Normark look like: a good idea for a Father's Day gift.

were good numbers of fish caught, and just to be out is of major interest and importance to most of us.

ALGOMA DERBY

A few more of the fishing tournaments: The Algoma fish derby runs from March 21 right on to next March 1. Run by the Sault District Anglers Assoc., this contest is for 5 kinds of fish. Write to derby, Sault Ste. Marie, Ont.

The first annual North Bay-Nipissing Walleye Tournament (they call it Pickeral) is June 12 and 13, 1982. There

are \$25,000 in cash and prizes in this one sponsored by the B.P.O. Elk's Lodge 25, North Bay, Ontario.

The Rice Lake Bass Tournament is set for July 10 and 11, with \$20,000 in cash and merchandise. Sanctioned by the Ontario Federation of Anglers and Hunters, this one is organized by Peterborough Fish and Game Ass'n., Box 241, Peterborough, Ont.

The last two derbies have an \$80 entry fee per team of two fishermen. The Rice Lake Bass derby could be a very busy one as it is popular.

WALLEYE TOURNEY

The Lake St. Francis Walleye Tournament runs Sept. 4 and 5 with \$16,000 in prizes including a first prize of \$7,000 in cash and merchandise. Write Box 10, South Lancaster, Ont. K0C 2C0.

This derby also has an entry fee of \$80 per team, but \$40 per person. Recently the Normark people introduced what they call their trophy kits. These are made up for various species and identified by name. Trout and Pan Fish, Bass Kits and Walleye Kit.

If you are looking for good lures for certain species, then buy the kit with the name of the fish you are after.

The kits include both spinners (Blue Fox) and plugs (Rapala) and come in a plastic lure box. Just the thing for new fishermen as well as us long time addicts. These kits will make an excellent Father's Day gift (take note Mother).

The Winchester sporting arms people are not dead. They closed their plant in Cobourg, but are still very active. Gun control bills here and in the States has curtailed their business, and forced the closure of the Canadian plant. Beginning August 15 and running through October 31, they have a special offer. On various Model 94's they give a free leather case, custom made for the model 94.

Merger talks are reported to be continuing, but the direction they may take is still up in the air. The Acton Sabres and Georgetown Junior B Geminis have been meeting recently with the intention of discussing the possible amalgamation of their two teams.

Georgetown Gemini GM Bob Toat says there may be another meeting to further discuss the issue, which he feels involves a tremendous amount of small details.

Toat says he's not sure if amalgamation could happen for next season, but he also says he's not sure the team will have to make their decision within the next two weeks.

The Gemini executive member says the teams may have until late June until they have closed the door on merger for the 1982-83 season.

Inglis wants to change Falcon attitude

Former Georgetown Falcon coach Sam Inglis has returned to the Falcon fold after a two year absence.

Replacing Stu Robbins as coach, Inglis is hoping to boost the team's record past their disappointing 1981 season when they finished second-last in a 12 team league.

Inglis used to be the coach of the Falcons in 1977 and was coach of the Falcon reserve team in 1980.

The coach is expecting many veterans to be returning to this season's lineup, including standouts Dave Chapman, Doug Thompson, Eddie Patterson, Steve Foster and others.

The Falcon roster will not be

finalized until tomorrow (Thursday) as the team prepares for their home opener May 31 at Cedarvale Park.

Inglis, who says he hasn't had a losing season as a coach, wants to see a lot of changes made this season with the team.

ATTITUDE CHANGE

Foremost on his mind is a change of attitude by the Falcon players. He doesn't want to see his own players criticizing one another on the field, but instead would like to inject a winning attitude.

"Some of the players last year proved they couldn't do the job," he says. However, the coach of the Falcon senior team feels he won't have to

import many players from outside Georgetown.

The Falcons play in the second division of the Toronto and District West League.

Coach Inglis says he's more of a defensive minded coach, but he won't let his team hang back if they ever score early in a game. He feels that his Falcon team must control the midfield, but that the team will also need a good strong back four.

"I don't like to give up a lot of goals," he says. "Three goals should be enough to win."

FACILITIES

One problem the Falcons have run across thus far is trouble in finding proper facilities to train. Parks haven't been available, Inglis says.

Because many of the Falcons will be playing intercounty soccer this summer on Monday and Wednesday nights, Thursday nights will probably be the set date for Falcon practices, he says.

A new Ontario soccer league rule allows for Rep players to participate in intercounty or other soccer leagues, and this has worked to the advantage and disadvantage of the Falcons.

The Falcons have picked up a goalkeeper from the intercounty Meteors and hope to sign other players who also are aligned with intercounty teams. However, a problem arises with

conflicts in game and practice schedules between the two leagues.

Inglis admits the trouble exists when a player has to choose who he is most loyal to: the Falcons or another team.

EXECUTIVE

The executive say they will work 100 per cent, but they expect that from their players as well, the coach says.

Joe Cairns is the president of the Falcon club and coach of the Falcon Reserves. George Baines is the coach of the Junior B Falcons.

Inglis says the Junior B's are good enough to "win something this year" and he will be counting on the boys to help rebuild the club in the next few years.

The coach said the team still has no sponsorship although it is regarded as the premier soccer team in Georgetown.

Last week the Falcons played an exhibition game in Brampton and were defeated 3-1, but a number of players were missing, coach Inglis says.

The Junior B Falcons start their home season May 31 before the Senior Falcons play at 8:45 at Cedarvale Park. Except for four players, the rest of the Junior B's could play in the Juvenile league, but there was no place to put the four overage players, George Baines says.

Women's Soccer kicked off their season last Monday night with the addition of two new teams. Last year the Girls in Rural League Soccer (GIRLS) had six teams. Seen here at Wrigglesworth field ready for the first attack of the season are: (left to right) Marie Burman, Ineke Booth and Joanne Bearie. (Herald photo)

Merger talks go on

Hornby down Glen 11-6

The Hornby Squirt girls of the Halton Rural Softball Association outmaneuvered the Glen 11-6 Thursday in Hornby.

Home runs by Hornby players Nicole Dupuis, Tish Wilson and Linda Waters helped to power the Squirts past the Glen team.

Other hits by Hornby came from Heather Speck (2), Reanne Chudleigh (2), Wendy Brunelle (2), Pamela Lopers (2), while Kathy Griffiths had a double.

A triple by the Glen Squirts' Stacey Hughes gave her team some momentum. Single hits came from Sandra Weeks, Jill Windsor, Laurie Geneau, Tracey Weeks, Julie Becham, Tracey Bervise and Debbie Lawrence.

Overall it was an excellent game taking only 65 minutes to play which is fast for Squirt girls ball. The same two teams met again Tuesday (May 25) in the Glen.

Pitching for Hornby was Kathy Griffiths who was relieved later by Linda Waters and Reanne Chudleigh. Stephanie LaFlamme went the distance for the Glen.

Hornby were spurred on by the strong defensive plays by Nicole Dupuis and Heather Speck. Excellent relief pitching came from first time pitcher Linda Waters and Reanne Chudleigh.

The Glen team worked by a steady pitching effort from Stephanie LaFlamme and a good hit by Stacey Hughes.

On runs by Hornby, Reanne Chudleigh and Wendy Brunelle had two while the following girls had one run each: Janelle Lewis, Heather Speck, Kathy Griffiths, Nancy McDonnell, Nicole Dupuis, Linda Waters and Tish Wilson.

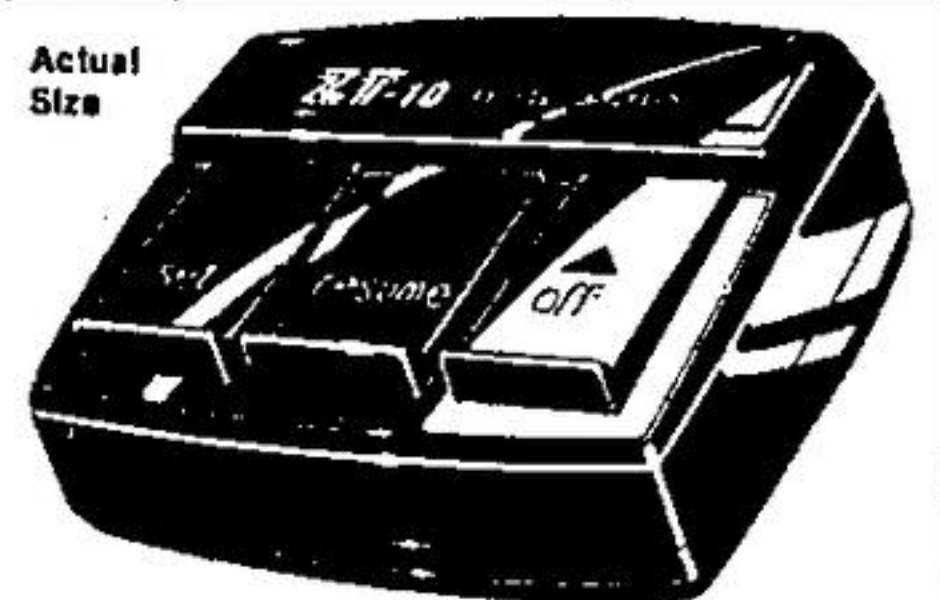

Runs by the Glen team came from: Sandra Weeks, Stacey Hughes, Corina Stevens, Jill Mc-

Curdy, Sherri MacMillan, Tracey Bervise.

TEAM LINEUPS

For the Squirt Girls Halton Rural Softball Association, the following are the Hornby girls lineup: Janelle Lewis, Heather Speck, Kathy Griffiths, Reanne Chudleigh, Wendy Brunelle, Nancy McDonnell, Nicole Dupuis, Linda Waters, Tish Wilson, Pamela Lopers, Angela Andrews, Kelly Stewart, Jacquelyn Fraser, Karen Olsen.

For the Squirt Girls Halton Rural Softball Association, the following are the Glen girls lineup: Sandra Weeks, Stacey Hughes, Corina Stevens, Jill Windsor, Laurie Geneau, Tracey Weeks, Julie Becham, Stephanie LaFlamme, Jill McCurdy, Sherri MacMillan, Allison McGill, Julie Anderson, Mary Connelly, Joanne Totten, Tracey Bervise and Debbie Lawrence.

Actual Size

It's Time For A Cruise!

The new ZT-10 has all the electronics housed in a tiny module only 2 1/4" wide. Unbelievable, but true. One unit fits most cars, vans and light trucks, standard or automatic transmission in foreign or domestic vehicles.

ECS (Electronic Clutch Switch) optional for standard transmission cars. All other hardware is included.

DON'T LET YOUR WEEKENDS GO UP IN SMOKE!

Propane is a wonderfully convenient fuel for cottagers, campers and backyard barbecuers. It's clean, quick and efficient for cooking, refrigeration and lighting. But, like all flammable materials, propane must be used with care. Did you know, for instance, that:

- Propane barbecues should never be used in an enclosed area.
- Propane cylinders must be stored outdoors and checked for safety every 10 years.
- A propane cylinder should always be moved or stored in an upright position.
- Propane cylinders must be located outside recreational vehicles or in a compartment that is gas-tight to the vehicle interior and ventilated directly to the outdoors.
- It is strongly recommended that propane-fuelled refrigerators be cleaned and adjusted every year.

You'll find these safety facts and more in our free booklet. Mail the coupon today and get your copy. It's a great reference guide, and it will ensure that propane is always a helpmate rather than a hazard to you and your family.
