Rivalries surface in GBA tyke

Mariners and Pirates exchange lead

The mid point in the tyke baseballs schedule has just passed. Rivalries are beginning to surface. The Mariners and the Pirates are taking turns holding down first place, from week to week. Holding down third place are the White Sox, who have played some excellent baseball, but find it difficult to advance in the

standings due to some strong opposition from the Rangers.
The White Sox have played the Rangers twice in their last four games and managed to win one of the encounters.
In fourth place and coming on strong is Reg Swains Rangers. Since their win over the White Sox they have edged the

Yankees and Red Sox to move into their current position.
Consistent pitching and some strong hitting has elevated the Rangers into a position to challenge for the last playoff series (series three) to gain home team advantage.
The Yankees have just come through a very tough part of the schedule playing first place, third place and second place teams.
They have a strong team and will be heard from before the season is out.
Fred Schick coach of the Red Sox is confident that his team will rally in their remaining nine games to advance in the standings.
The team is playing well but they suffer from inconsistency. On July 7, 1982 they knocked off the top team in the league.

CLASSIC COUNTRY VACATION COTTAGE

This delightful two-bedroom leisure home design is perfectly suited to the medium frontage recreational building site and provides nearly 1,000 square feet of well-planned finished floor area on its one level. The design would make an excellent week-ending cottage or a fine retirement home for the family whose children have fled the nest. All essential services and conveniences are laid out so as to economize building time and expense, and to facilitate an effortless lifestyle.

The classic cottage exterior, finished in horizontal channel siding, and with stone veneer chimney and shake roof, presents an impression of the traditional holiday-at-the-beach informality. Entry is through the sliding glass walk-through which connects the living-dining room with the elevated patio decking, or alternately, through the side-facing door into the utility room.

A very large rectangular living-dining room combination has a convivial masonry fireplace and a panoramic view through the full-length windows and the sliding glass doors. The U-shape kitchen is immediately accessible from both the dinette area and the front patio, for encouragement of casual outdoor meals in fine weather. The kitchen also connects via convenient pocket door to the laundry-utility room, which features a side-by-side configuration of washer-tub-dryer.

The three-piece bathroom is convenient to all areas of the floor plan, and has sufficient counter area to allow for the installation of a second vanity sink for the families which require to ease the morning traffic.

Both bedrooms have excellent natural lighting and ample closet storage, and are well away from the main living areas of the cottage for freedom from disturbance.

Plans for design No. 7-988 may be purchased either by the single set, at a cost of \$130.00 for the first set and \$25.00 for each additional set, or by the package. A five-set plan package, including the first set, is economically priced at \$185.00 and an eight-set package, also including the first set, is only \$225.00.

Whichever method you choose, please include \$9.00 for postage and handling. Ontario residents add 7% sales tax.
