

Allan Prechner to attend hockey camp

Sixty-nine top amateur hockey players, thirty referees and twelve trainers from across Ontario will be participating in the 2nd Annual Hockey Ontario Development Camp, announced today by Don Hobb, Executive Director of Hockey Ontario Development Committee and Len Woolsey, General Manager, Marketing, The Bank of Nova Scotia, sponsor of the camp.

ALLAN PRECHNER of R.R.1 Silver Creek in Georgetown is one of the twelve trainers selected to attend this year's Camp. He was the trainer for the Bramalea Blues last season in the M.T.H.L.

The camp will be held once again at Queen's University in Kingston July 31 to August 8 and will combine skills training and competition together with classroom sessions.

George Fraser, this year's Camp Director has divided the sixty-nine players into three teams, each with a head coach, namely Tom Watt of the Winnipeg Jets of the National Hockey League, and a NCCP Level V Coach; Bill Mahoney, former N.H.L., CIAU and College Coach who is certified NCCP Level V Coach, and Don McKee who coaches Junior "A" hockey and is presently a NCCP Level IV Coach.

These three coaches and their six assistants will provide the on and off-ice instruction of the players.

Former National Hockey League referee, Vern Buffey, Referee Technical Director for Hockey Ontario will head the five-man staff who will instruct the promising young officials.

The hockey trainers, new to the 1982 camp will be headed by Robert Firth, Technical Director of Hockey Ontario's Sports Medicine Division.

The participants will be instructed on such topics as conditioning, physiology, nutrition, psychology, junior hockey, university hockey, professional hockey, college hockey, player agents, leadership development, handling the media and preparing for international play.

Mr. Robb said he feels that the quality instruction provided to the participants at this camp is not matched elsewhere. "The information that these individuals obtain can be taken back to their own community so that all hockey people will reap the benefits."

This type of instruction will not only provide better hockey people but community leaders as well.

"Scotiabank believes the leadership instruction we have been providing to young people through the Hockey Ontario program is important for the future of hockey in this country. Equally important off the ice, this type of program builds our future leaders in sports as well as society," Mr. Woolsey said.

When buying a 300 lb. side of beef for your freezer—you can expect about 225 lbs. of usable meat cut.
