Norval team kicks dust in face of the big guys

By TIM TOLTON

Herald Special
Ever since John Wayne died, the big guys in this world have been going steadily downhill. It's getting so any little shrimp can come along and kick sand in your face. Take Dairy Queen. A few weeks ago they dusted off Smoke Shop, then bury the Greeks and last week they even beat M and M. So what happens? This week Norval beats 'em.

Norval deserves credit though, because this makes two wins in a row for the first time in their history and Dairy Queen is not exactly a soft touch.

Dairy Queen led early on a major by Ron Lunn but Norval dominated the second and third quarters rolling up their points on two TDs by Brian Pemberton, a single and field goal by Doug Pemberton and a two point convert by Wayne Johnson. Bill Davis also had an interception in the third quarter.

DQ came back in the fourth with seven by Jeff Lockwood but the game ended 19-14.

The last members of a Mountainview Plaza streak fizzled out this week as Delrex Smoke Shop made downtown Beirut look neat compared to the shambles of the Plaza defense.

Delrex posted the highest score of any team in four years, crushing the Plaza 64-6.

INGLIS THREW
Smoker quarterback Bob Inglis threw strikes to Chris Sargent (two TDs), Jerry Neil, Paul Ewing, and Jack Butler.

Neil completed another major to Butler on a half back option, then added the two point conversion himself. Werner Mikollett and Terry Diardichuk also had two point conversions to go with two field goals by Doug Thompson and three singles by Jack Butler.

Doug Getty added the last TD on an interception return. Bruce Cartwright, Steve Frost and Rodney Geger grabbed interceptions as well.

Bill Allison scored the lone Plaza major.

Bill's Niblets get back on track

By SUSAN WILLIAMS
Herald Special
Bill's Niblets got back on track Monday night, August 16 defeating the Beige Brigade 29-6.

Star performances came from Sandy Cuthbert, Lynda Jennings and Lynn Sargent who all played exceptionally, making double plays and giving their team a great boost for a needed win.

Brigade player Bev Daquano made some super fielding plays during the game.

Hot Stuff certainly was hot and Black Magic didn't have the power as they were defeated by Hot Stuff 10-5.

It was an exciting, well played game by both teams.

The whole Hot Stuff team gave star performances with special mention to Betty Flikkema for her beautiful home run.

Black Magic pitcher Gloria Sinclair also batted a super home run.

The Moody Blues certainly were in an excellent scoring mood as they defeated Sky Larks 18-1.

It was a game full of star performances by all Moody Blue members

with special mention to Anne Puckering for her superb pitching. All Burgandy Bares

members had another good night as they defeated the Orange Orioles 27-7.

Priscilla Reese had a fine night at bat with four hits. Dianne Tooze had a lovely home run.

Third base player Judy Krajacich played a strong

Fishing in Lake Ontario for salmon

SALMON UPDATE: the hot news in fishing Ontario right now, is the salmon and trout in Lake Ontario. Soon it will be the trout up north of here, and the walleye and muskie fishing that will be the target.

But right now it is salmon with Lake Ontario up front with the Toronto Star Great Salmon Hunt. Last weekend saw the pack (the majority of boats in a group) out at the ten mile mark. We were fishing about 340 feet of

with more than one rod, and had them pull one. Saturday I fished with Dale Wood of Glendale Charter out of Oakville and hit the rough water in style.

Dale took a fifteen pound Chinook last week and has been producing well. It sure is nice to have a Georgetowner running a charter on the lake. Flashed with Brian Johnston on the Pleasure Bent last week and once again hit bad weather.

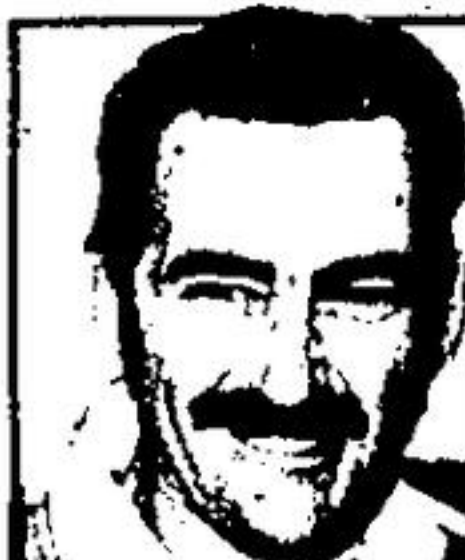

The thermocline is well mixed and is difficult to predict. If you hit a "dirt

Then roughen the paint before installing tape, and spray a clear lacquer over the whole lure. It is sure to stick light. The newest by Normark Corporation is so hot I am not sure how to start.

They have two stunning knives in stainless steel, folding. These knives are considered a "dress knife" and are long overdue to the market in this writer's opinion.

Cary either of them with your suit and pocket watch. They are fashioned with the precision of an expensive watch, and are available in two blade versions. Very elegant and extra thin, these knives are not secured by rivets, but by electronic welding around ball bearing pivots.

One is a single blade model, and the other offers a superior blade, opener and nail file.

water at about the 15 to 20 foot depth. There were good schools of bait fish, mainly alewife, suspended at that magic 15 foot level. One coho I cleaned held seven large alewife in its stomach and who knows what it disgorged before being netted. It must be noted here that lamprey are on the increase although no fish I saw on the weekend were scarred. When the fish get in closer to shore, they will pick lamprey.

To prove that some fish are already inshore, I watched as Neuzi Hippose of Weston weighed in a still wriggling coho from the rocks at Port Credit.

It weighed in at 9.76 pounds and was fresh in from the deeper water (it was still very silver).

BAD WEATHER
Bad weather over the weekend kept a few people inshore, but there were small boats, even a canoe ten miles out. Remember to take great care and make sure your craft is adequate for the weather to be expected out on Lake Ontario.

That canoe should not have been more than a couple of hundreds yards off shore. Illegal fishing is also prevalent.

You are only allowed one rod per person on board. We checked several

"line", a place where the water is discolored with lots of floating debris, fish it as structure. Fish its edges and you will find the baitfish orient to this structure and the salmon work it for food.

CHARTERS: Bruce Park is the founder of Muskies Canada and is a very knowledgeable fisherman. Bruce is fishing the PRODUCER on Lake Ontario at the present time, and is one of the hottest boats around. Last weekend, I watched him catch and weigh in a 12.96 coho along with three others at 9.08, 8.54 and 8.22. Mike Mitchell was fishing with him and they used blue fly on chartreuse dodger, blue on red, and silver jointed BENO.

Bruce and his boat PRODUCER can be chartered by calling (416) 742-7649. Tell him I said hello if you see him.

Hugh Caulfield Charters is also run out of Port Credit. Hugh is running a 21 foot Champion fully equipped and can be chartered by calling (416) 635-1083. I have never fished with Hugh, but he comes recommended to me and I am sure you will find him a good skipper, and is a member of the Ontario Charter Boat Association.
