

CONFIDENCE.

THE PURR OF AN ENGINE
AND THE CLOCK ON THE WALL.

YOU CAN HAVE CONFIDENCE IN OUR HIGHLY QUALIFIED FIRESTONE EMPLOYEES.

When you bring your North American or import car to Firestone for a tune-up, you'll drive away with confidence.

Our car care specialists install new plugs, points* and condenser. Set the timing, adjust the idle speed and lubricate the heat riser valve. Check the distributor cap, cooling system hoses, spark plug wires, coil, PCV valve, air filter, gas line filter and rotor.

A Firestone tune-up is a combination of talent, experience and some of the most modern diagnostic equipment in the business.

TUNE-UP
\$38.95
MOST 4 CYL. CARS

And while we put the purr back in your engine, you can go about your day knowing that when we said your car will be ready, it will be.

Put these two sides to car care under one roof, and they add up to confidence.

COMPARE OUR CAR CARE PRICES AND RANGE OF SERVICES.**
