Coaching clinics

Coaching clinics for hockey are coming to Acton in October for those interested in upgrading their skills behind the bench.
The Georgetown District Minor Hockey Association is strongly recommending the Technical Level I for its coaches this season.
An information release form states, "with each level, a coach is supplied with more advanced material on the game, allowing him to make a greater contribution to his community."
Level I instruction begins at the Acton Library and Arena Monday October 4.
Level II instruction begins October 5, and runs for October 6 and 7 as well. Level III begins September 11 in Brampton.
For more information call the Halton Hills Parks and Recreation Department at 877-5185, Ex. 19 or 61.
