

WHAT

Prosperity or Economic Depression

MODERN MAN can send astronauts to the moon but can't solve the basic problem of "human survival" on earth. The Plain Truth—a magazine of understanding—explains WHY. Over 12 million readers in 200 countries worldwide are discovering there are solutions to today's perplexing problems. You can face the future with confidence.

The Plain Truth is a top-quality full-colour, monthly magazine featuring thought-provoking analysis of world trends, social, family and religious issues. It's the *only* world-affairs, human interest magazine that explains the *meaning of world conditions*.
