

-Delrex face harsh reality against Greeks-

Greeks "magical quarterback" Rick Baldwin shows the form that led to his team's 44-38 victory of the Delrex Smoke Shop. The long dynasty created by Delrex as a powerhouse may finally be over. (Photo by Harald Bransch)

Herald Special

While two young boys, sons of Smoke Shop players past and present, play oblivious on the sidelines, their fathers and their friends face the harsh reality on the field that youth will be served.

For six long seasons it has been Delrex Smoke Shop that has been the standard against which all teams have been measured and while pretenders have come and gone, this one team has stood head and shoulders above the rest.

Now in their third year of existence Greek's Tavern have inherited the mantle and are on the verge of becoming the second really great team in the league's history.

Led by a magical quarterback named Rick Baldwin and the superb pass catchers Mark Russell, James Allen and John Karolidis the Greeks met the Smokers on even terms and won what no other team has been able to - an admission that Delrex was beaten by a better team.

When these two teams met in the semi-finals two years ago it was Smoke Shop who wouldn't be denied and won in double overtime.

That ruthless determination is all the Greek's lacked and this season they've acquired the character to go with a wealth of talent.

The result was a wild 44-38 shootout which the championship game will be hard pressed to duplicate and one in which the last team with the ball won.

In the best tradition of the old west both gun-slingers got off lots of shots.

Smoke Shop scored on their first series and held the lead for most of the first half until Mike Miehms' interception gave the Greek's a chance to take the lead.

Two plays later Mark Russell went in to put Greek's ahead to stay.

Delrex's hopes were revived in the second half when Steve Frost picked off a Baldwin pass and returned it 30 yards for a major, but Greek's went back to Russell on the next series to restore the lead.

Delrex appeared to be coming on late in the game when they drew to within six on Jerry Neil's second major of the game but Greek's hung on to run out the clock and close the book on the Smokers.

Mark Russell scored three TDs for Greek's, James Allen two and Rick Baldwin one.

Allen, Russell, Pat Jac-

obs and John Karolidis each caught two point conversions.

Scoring for Delrex were Jerry Neil with 12, John Vieira with eight, Bruce Cartwright and Steve Frost with six, Doug Thompson four, and Jack Butler and Charlie Knoepfli one apiece.

The other semi final, a battle between fourth place Dairy Queen and seventh place North Halton Sports was won by DQ on a last play field goal by Jeff Lockwood.

Dairy Queen now earn the dubious privilege of looking down the barrel of a Greek cannon that is aimed squarely between their eyes.

For the longest time it looked like the cinderella story would drag on for one more week as North Halton owned the first half.

Ray Peacock and Mike Buck put majors on the board and Greg Lawr added a two point conversion.

Meanwhile back at the ranch the defense were pillaging the DQ with interceptions by Jim Boulanger and Kevin Brown.

Ron Lunn bagged one major for DQ in the first half but things looked bad

when Howie Hulme checked out with his foot on ice.

Luckily for them the Lockwood clan was on hand to provide a big second half. Ron Woodhams upped the North Halton lead in the third quarter before Gary Lockwood cashed in twice to tie the score.

In the final minute the Queens marched relentlessly downhill while those Sports boys watched their season going in the out basket and were unable to do anything about it.

On the last play Jeff

Lockwood teed up a chip shot and blew North Halton away with a 17 yard field goal.

So it's time to face the music next week at 10 bells sharp.

All the talking will be done and only actions will count. Bet the farm on the Greeks.

Yours truly gets calls and letters from a wide area, and I wondered how this came about. The Herald circulation department tells me there are 13,048 copies run each week.

With the average of three readers per copy (per family) this gives a readership of some 39,000 over an area as diverse as Acton, Georgetown and a wide area around and between. Keep those calls and letters coming in, I even had one from England.

Where did the anti-hunters and protectionists get their start? I remember watching Tarzan movies when I was a kid, and one in particular came to my attention recently.

Two wicid type Market Hunters paid on contract for large amounts of hides, ivory etc., shot and wounded a baby elephant. Tarzan helps, and finds a doctor and his beautiful assistant helping the friendly natives.

Doctor is a friend of ALL men and ALL animals. Quote from girl: "Who would shoot a baby elephant?" "Sportsmen, no doubt!" says the doctor. Guess where the anti hunters come from?

That age of people who used to watch those movies, and were influenced against the distorted use of the term "Sportsmen".

FISH MUSKIES

For those who fish muskies in the cold fall weather, the use of the largest lure they can get is fundamental to the sport.

The Magnum Rapala's released earlier this year are proving to be up to the task. Size 11 and 14 are primarily designed for salt water but so what. If they do the job, use them and they sure do.

The North Bay Fish Hatchery is tagging 200,000

Seen here are the new Rapala Magnum lures in size 11 and 14 made by Normark Corp.

Lake Trout for release next spring into Lake Ontario. These advanced fingerlings are marked by the insertion of a wire tag, within the nose of the fish.

The North Bay Hatchery is receiving eight different lots of Brook Trout, Lake Trout, Splake and Aurora trout. Yearlings on hand for next year's stocking include 180,000 Brookies, 80,000 Lakers, and 75,000 Splake.

BIRD FEEDERS

Kortright Centre has lots of activities for the family. Bird feeder workshops run Sundays Nov. 7th to Dec. 26th. A talk on placement, a slide show and a nature walk are all scheduled activities.

Clairville and Cold Creek are hosting dog trials. Retrievers will work out at Clairville Nov. 7 and Cold Creek Nov. 14.

As promised the ten top jigging lures for Ontario water (hard water that is). Ice bound anglers can not go wrong with this selection. The regular daredevil spoon is a good start believe it or not. The regular Williams wabler, the special Ice Fishing Williams Wabler, a weighted plug made by adding lead "inside" the body all show good results.

SWEDISH PIMPLE

Swedish Pimple is often copied, buy the original. The bass buster known as Mr. Champ jiggs up a storm on Splake. Tear drop jigs for whitefish and perch, sometimes trout. Crocodile by Luhr Jensen, great for Lake Trout.

Little Cleo or little Jewel (that's two) for almost all gamefish under the ice. I like them for splake in Owen Sound harbor. Last but by no means least is the (I think) best for ALL game fish under boats or under ice.

The RALALA balanced jigging lure. Several colors and sizes, works in several ways. Next week watch for special offer with exciting news.
