

## Tier 2

# Candy Co. Peewees can manage only a tie

By GARY LANE  
Herald Special  
Georgetown's Candy Company managed only a tie in two games this week in Tier II PeeWee action. Thursday night in exhibition play the Candymen played a solid game and skated to a 1-1 draw with the Georgetown Minor PeeWee Reps. Scott Cunningham netted the goal for the candy Company while Brent Presswood counted for the Reps.

Saturday, in an early morning game at Milton, a short handed team failed to cash in on several early opportunities which eventually proved costly in a 2-1 loss.

Netminder John Stefan played a superb game but didn't receive any breaks from his defense as both Milton goals came off deflections by Georgetown blueliners.

Kevin Roe netted the only Georgetown tally from a scramble in front of the Milton net with

Teddy Weatherall earning an assist. Although most of the team had an off day,

Weatherall worked hard all game and Paul Howlett played a steady game on defense.

# Bantam 2s beat Orangeville

By DEE BUTWELL  
Herald Special

The Bantam Tier 2 locals scored their second straight victory of the season on Oct. 30, beating Orangeville 4-3, in a very close matched and exciting game.

Jim Manning scored goal number one, assisted by Jamie Spiller and Mike Chiovitti. Orangeville retaliated tying the game 1-1.

By the end of the second period, the visitors were ahead 2-1, after controlling a very physical game.

Despite being outshot, the home team checked more in period three, and picked up three goals to win the game.

Two goals were awarded to Mike Hurley, with Craig Nicolucci assisting twice, and Neal White once; and one goal to Mike Ross, assisted from Mike Chiovitti. With three minutes left, Orangeville scored again, but Georgetown was victorious in the final outcome.

## Did you know?

**DID YOU KNOW?**  
Canadian children are not as active as they used to be. Today's child spends an average of 26-30 hours a week motionless in front of a

television set. Busing has reduced activity both on the way to school and in the schoolyard after classes.

Increased organization and supervision of sports

such as hockey have resulted in players spending much more time on the sidelines than they did when games were spontaneous and unstructured.
