Ontario Outdoors

Free show for skiers

Many of my readers have expressed their thanks to OUTDOOR CANADA magazine for the complimentary December issue.

Now all you have to do is fill in the free entry blank for the fly-in fishing trip to Cross Pond, Newfoundland, and good luck.

I am always in trouble with the Anti-Hunters out there. I only wish they would direct their energies and money to stopping the so called sport of boxing. THIS is cruelty, THIS is inhumane. Animals are not human, they need some degree of protection, but those "lovers" would do better caring for the people of this world that need help.

The Ontario Federation of Anglers and Hunters have filed a "complaint" against the Township of Mariposa. The Township proposed to drain and dredge Mariposa Brook, and with this registration of complaint, the Ontario Ministry of Natural Resources has sent a telegram to the newly elected council, withdrawing their "conditional approval".

More as this develops, but keep on the ministry and your member of parliament to intervene against the drainage of another muskellunge spawning area, and wildlife congregation area.

PROTECTIONIST

Some time ago I received a letter through channels from a protectionist group. This was concerning the newly proposed parks for Ontario. This letter mentioned seven separate wildlife and conservation groups, but ignored the most effective, the Ontario Federation of Anglers and Hunters.

In Friday's mail I received a letter from John McFadyen of Agincourt. With this letter was a copy of the letter he received from the ministry and a list of 17 items of concern. These new parks will NOT allow hunting, and if you are concerned for the loss of vast areas to the hunter and fisherman, then write your MP at Queens Park, and the O.F.A.H. at P.O. Box 28, Peterborough, Ont. K9J 6Y5 or-and the Muskoka-Parry Sound Hunt Camp Association, P.O. Box 1913, Huntsville, Ont. P0A 1K0.

You must voice your opinion NOW or it will be too late. I will personally pay for and supply copies of this list of items to all who call and ask for one. 877-9290.

There will be a forum for discussion on Dec. 2 (tomorrow) 7 to 9 p.m. at Queens Park, in the Ontario Room, 2nd floor, McDonald Block, 900 Bay Street, Toronto.

FRESHOW

Ski buffs can get a free show and tell on how to prepare for the cross country and regular ski season. Albion Hills conservation area, 8 KM NORTH OF BOLTON on Hwy. 50, Dec. 5, 11 a.m. to 5 p.m.

The Ontario Steelheaders are an active and effective group of dedicated fishermen. Their next general meeting is scheduled for Feb. 8, 1983 at 8 p.m. in the Oakville library.

Mark your (new) calendar now and don't miss it. Join now or send someone a membership for Christmas, Box 497, Station D, Toronto, Ont. M6T 3K1. \$15 includes membership, bulletin each month and crest or decal.

Next week, news on stocking of Splake, and where to go for ice fishing. If you have a favorite outfitter, or one who has given you good service, why not share, and send me care of The Herald.

And remember, keep your own conscience and let others debate the issues. They just think up new ways of maintaining the old positions and become more defensive. BUT get out and say your piece, just don't argue.

Standard Product squeeze out win

Standard Products Pee-wees hosted Orangeville last Thursday and squeezed out a 3-1 win.

Jason Arnold opened the scoring early in the first period after skating over the blue line on the right side and letting one of his hard shots go to the top corner of the net.

Jeff Brady started the play. Then Jeff put us ahead 2-0 late in the second with a power play goal from a scramble. Trent Burton and Arnold picked up assists.

For most of the game, we had the control of the play except for short spans when we got bottled up in our own end and Steve Eastwood was called upon to make some good saves.

Actually he had little trouble pulling the garage doors down on Orangeville put did find a palm shot from one of our own defencemen a little tricky. That was all Orangeville could manage.

It is interesting to observe the spirit of a team when an unfortunate event like that occurs.

In this case the boys just put the incident aside

and continued to play some decent hockey.

Early in the third period, Jason Arnold picked up his second goal of the night from right in front of the crease.

Jeff Brady capped a strong night with three

points by digging the puck out of the corner and feeding it out front.

Later in the period, we had numerous chances to add to the score but just came up a little short each time.
