### David's film set to roll

The new year begins with a free public showing of a movie made in town by local talent. "An Image Too Many", directed by David Lowe, will be screened Jan. 5 at 7:30 p.m. in the John Elliott Theatre. The film stars Rod Cook, Richard Gardin and Daryl Johnson and was filmed this summer on a \$1,000 budget.

### Holly sales

Sale of holly this month brought in \$160 for the Halton Lung Association. Expressing thanks for those who supported the holly sale, the Association sends out a reminder to residents not to forget to send money for their Christmas seals.

### Kinette draw winner

Rienke Hancock of Moore Park crescent in Georgetown was the lucky winner of a \$150 A and P food voucher recently. The draw was organized by the Kinettes club.

### New art show

Here's something to look forward to in the new year: a new exhibition of watercolours and drawings by Penny Ridley and Terry McDonald begins Jan. 7, continuing to Jan. 29 at the gallery of the Halton Hills Library-Cultural Centre. Gallery hours are Tuesday to Saturday from 2 to 4 p.m. and Tuesday and Thursday evenings from 6 to 8.

### Orpheus quartet

Musicians from the Hamilton Philharmonic Orchestra return to the Library-Cultural Centre Jan. 19 for an informal look at "String Literature and Styles". The Orpheus Quartet is the fourth of six HPO groups to share its members' talents and knowledge of the various instrument sections. Some tickets may be available at the door for the 8 p.m. presentation.

### Bookbinding demo

Recently profiled in a Herald feature, Georgetown professional book binder Keith Felton demonstrates his craft Jan. 15 at the Georgetown public library. Drop by the free exhibition and watch Mr. Felton at work between 10 a.m. and noon and again from 2 until 4 p.m.

### Varian contract

Varian Canada Inc. has been awarded two federal government contracts, supply and services Canada has announced. The Georgetown company will supply \$131,487 worth of electron tubes to the national defence department and \$87,121 worth of optical instruments to environment Canada. The contracts were two of 96, worth \$14.4 million, announced by supply and services in its latest bulletin.

### Cash stolen

Between 2 and 7 a.m. Monday, Georgetown's Towne and Country Cleaners was robbed of, approximately \$75 cash. Thieves entered the Guelph Street shop by removing the store's front window. Halton regional police are investigating.

ground to a halt.

For a handful of Georgetowners who made the trip, the long-awaited screening of "Never Trust an Honest Thief" last February in Toronto was at once amusing and depressing. The Herald called the finished film, which had raised all our hopes with much fanfare two years earlier, a "splintered mess".

Quick to save the day, director Ralph Thomas led Robert Duvall, Chris Makepeace and a young man named Eric Fryer into Georgetown to shoot part of a biography about Terry Fox. "Terry" airs on Pay TV early in the new year prior to cinema release.

**BIRTHDAY BASHES** - Minor problems linger, but the Library-Cultural Centre lived up to its promise. As well as dozens of other great shows, the Brian Foley, Alda Henias and Ann Platt dancers all leaped across the Elliott stage and by November it was clear a big birthday bash was essential. Long John Baldry mounted the boards along with a dozen other talented acts, both local and international. It was a week-long celebration and a week to remember.

## Pay TV here

Continued from page A1

Although movies and other programmes will be seen uncensored and without commercials, R-rated films will be featured in the late evening viewing periods. There will otherwise be no censorship involved.

The three channels promise a generous supply of new and current programmes, while special features and classic films will also be part of the fare offered, and stereo sound will likely by an option available later in the year.

Rates have been carefully trimmed to give the subscriber the most economical offering and are in fact much less than the cost of taking the family to the movies a couple of times a month. A discount is available for those who choose two channels or all three. Several subscribers have welcomed Pay TV as a lower cost entertainment in today's inflated economy.

While Halton Cable Systems has a growing list of subscribers requiring Pay TV the company expects to have all the early callers connected by the February 1st inaugural date. Officials stress that there will be a service charge plus a refundable security deposit payable at the time of installation. Customers are urged to call for complete information and to ensure early connection.

Subscribers will need a converter to receive these special channels since they will be found on 22, 24 and 25 or I, K and L on some converters. As well, the cable company will supply a descrambling device to decode the pictures for viewing.

So called cable-ready TV sets are not Pay TV ready since the manufacturers have omitted a major step in the process and retailers will be obliged to tell purchasers that they still will require a converter.
