

What is a president's sale? Well, at Loblaw's, it's a sale where I've personally selected a number of half price specials from every department of your local Loblaw's store. In addition to our half price specials, Loblaw's has dramatically cut air fares on Air Canada to selected destinations such as San Francisco. Also beginning this week Loblaw's passports to Canada's Wonderland that have been so popular for the past two years are back again. I wouldn't put my name on a sale unless it were very special, switch to Loblaw's & find out just how special!
