Spring reminds Peter Gingras of tire changes

When you think spring, you have to think tires, says Peter Gingras of Georgetown Tire Sales Ltd. Certainly he offers every type from automobile and farm tires to truck and trailer tires.

He even has tires for your lawn mower if that doesn't remind you of spring. This is a normal time of year for the company to get busy, says Peter. Everybody wants to change those snow tires to get ready for

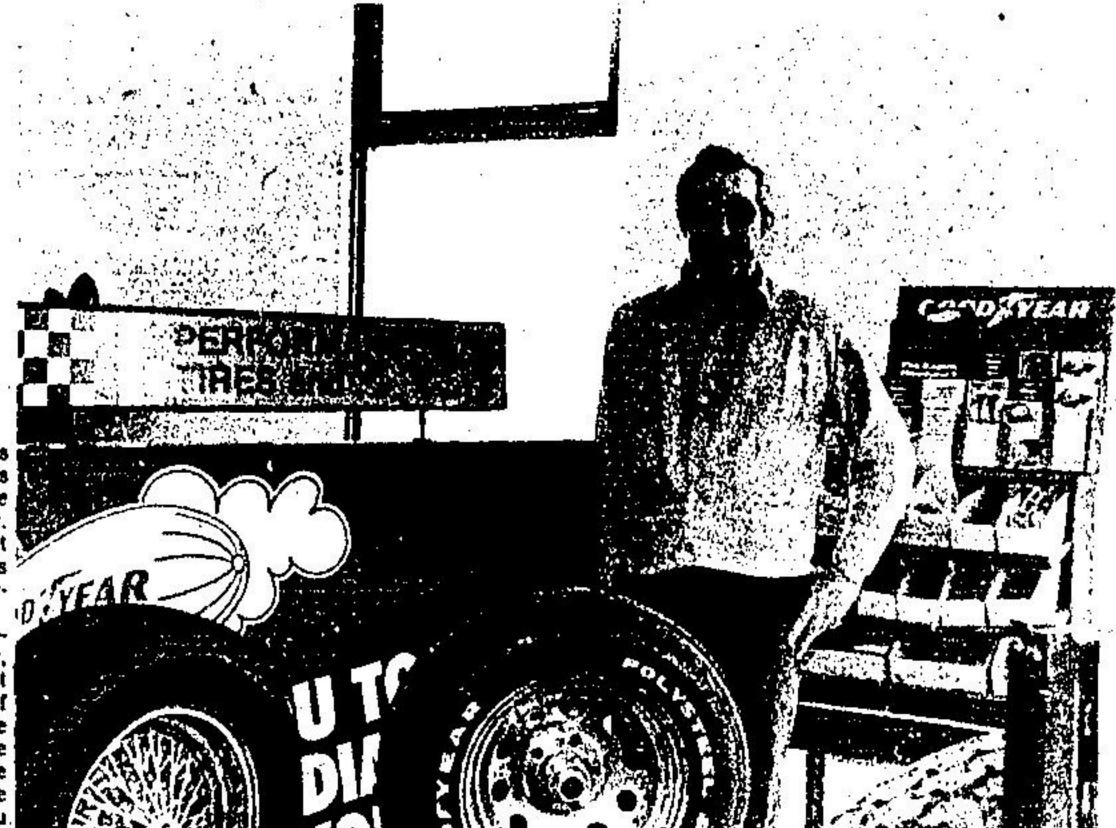

summer

Georgetown Tire seils and promotes Good Year and Michelin products which are the best quality for your money, according to Mr. Gingras. He says that his complete farm tire service, new and used, distinguishes him from his competition.

The business also provides mechanical maintenance to take care of front end alignments, brakes and shock absorbers. His employees apply

to give their customers the best possible vehicle performance, says Mr. Gingras. He thinks that his company provides service that is fast, efficient and convenient.

As a resident of Georgetown for 12 years now,
Mr. Gingras would just
like to add on behalf of
Georgetown Tire, "we're
pleased to have been here
for so long and to have
met so many nice
people," That's you
Georgetown.

Halton Thruway Muffler

No fancy cowboy commercials

"You're crary to go to Brampton," says Ralph Lanthier of Halton Thruway Muffler Centre. As he sees it, the customer ends up wasting time and gas for car service outside of Georgetown.

Particularly in the bigger cities, you end up paying more for the same service. Mr. Lanthier emphasizes that since his overhead is lower than those muffler centres in Brampton, he can offer lower prices.

Ralph adds that at Thruway Muffler the service is the same, if not better than top competitors. They'll service both domestic and foreign cars and apply a coast to coast guarantee on their work.

The people at Thruway specialize in muffler

problems primarily, but they also attend to shock absorbers, catalytic converters, brakes and other

Both Mr. Lanthier and his employees are all residents of Georgetown. He feels that their assistance is a little more personal and friendly in practice than the service of most other dealers.

His employees will pick up and deliver cars to the customers. If they don't carry a part, they'll make it to save the customer time and money.

After 11 years in business, Raiph feels he knows his customers and what they expect. He may not have any fancy 'cowboy' commercials but does try to please his customers. As the slogan goes: "At Thruway we hear you."

It could be you!
