FBDB 'banks' on growth with fall economic upturn 1944 strictly for lending to wait and see if interest

Things will be more positive as far as the economy is concerned by September, forecasts a Federal Business Devel-

opmen! Bank manager. Project Development manager for the Mississauga branch of the crown corporation Bill Law said businessmen are a little afraid now, but things will be picking up in Septem-

"The lending market right now is really flat, with the economy just starting to turn around," Mr. Law said. "There seems to be a little more activity now."

rates will stay down", among businessmen hesitant to expand, he said.

"The survivors have become so good at surviving that rather than borrow money, they're working off their business' eash flow," Mr. Law said. "Everyone's loan-avoiding, all across Canada." HELPS BUSINESS

The Federal Business Development Bank has been loaning money and giving businesses financial advice since the midseventies.

Before that, it was called the Industrial Development Bank, started in

the manufacturing sector. With the name change in the last decade came the expanded man-

BILL LAW date to lend money to any sector of the economy.

an incident in George-

"It was started up purely to provide a secondary source of financing for people who couldn't get any anywhere else under reasonable terms," Mr. Law said. "That's still our goal."

About 60 businesses in Halton Hills have taken advantage of the Bank's services.

A term lender, the crown corporation lends money for fixed-asset projects like the purchase of machinery, land and buildings.

The loans are similar to those at a chartered bank, but the conditions are Continued on page A11

officers and a gathering

Work began last week on an extensive Mill Street-Park Avenue project in Georgetown, G.W.Barr Construction Ltd. was awarded the project, expected to cost about \$350,000, which will improve drainage in the Mili-Park Avenue intersection area, control traffic flew at the Park Avenue and Guelph Street intersections of Mill and improve the general appearance of the Mill Street with better parking and landscaping. Most of the work is expected to be completed before the fall freeze-up. (Herald photo)

son said 40 uniformed men in Halton Hills are being provided with the new hoisters. "They don't have a flap for one thing, so the gun can't fall out as it would

Inspector Matt MacPher-

with the old holsters," he said. In a scuffle, the flap would easily come undone, allowing the gun to fall out, he said. As well, in a few incidents, some-

one other than police

were able to grab hold of the weapon. The open holsters are designed to hold in the gun by their very construction. Officers no longer have to contend with whether or not the flap to their holster is

open. "It's actually easier to get the gun out than with the old holsters," Insp. MacPherson said. "It won't slow the men down. It's simply a safety holst-

The major benefit of the new holsters is that it reduces accessibility to the firearm, particularly during a scuffle.

With the old hoisters, once the flap was open, anybody could have reached over and taken the revolver to use it on the officers. Just bending over, if the flap was loose,

lown August 1981 trigger-Health Council exec

Four charter members of the Halton District Health Council were honored last week as they retired from the body. Estrid Manore, Diane Ball and Mayor Harry Barrett, all of Oakville, as well as Milton's Edgar Forster have served on the council since it was founded in 1976.

One of 25 in the province, the Halton District Health council provides advice to the provincial health ministry on such issues as the planning, development and co-ordination of health care service in Halton region.
