

# In your opinion

The Herald asks: Can the steam engines of

decades past stand up to the modern machines now found on farms?

**Eugene Watkins, Campbellcroft:** "They're two entirely different get-ups. It seems that everything today is push-button. The old steam engines have lots of iron in them — they were made to last."

**Jim Heaslip, Hagersville:** "There's more computerization in farm machinery now, but steam's a little bit more interesting as a hobby. There's still lots of farming left in those old gas rigs too. If you need a part, you can find it in a junk yard. But with steam, if you need a part, you've got to make it yourself."

**David Garbutt, R.R.3, Keene, Ont.:** "I think the old stuff will be running longer, but the new stuff is better engineered. I prefer playing around with these old machines; it's a job in itself just keeping them running. With the new ones, there's nothing much to do — everything's sealed inside."

**Frank Coulson, Campbellville, Ont.:** "The modern machinery seems almost too expensive for most farmers to buy. But the older machines aren't made for modern farming. This is strictly a hobby for me now."

## ASTRO ADVICE

By Eugenia Witham

### You are strong

Dear Eugenia,  
I was born in Scarborough, May 15, 1964 at 8:10 p.m. Please let me know what is ahead for me.

Thank You, S.K.

Dear S.K.,  
You are a strong Taurean which indicates to me that many changes have taken place in the last seven years. The next two years will still be somewhat difficult, however they will also stabilize you a lot.

Between the end of January until mid-June will be favorable where social activities and creativity is concerned. You should use your creative imagination in finding solutions to problems.

#### ART BECKONS

It will be the time to put your energy into artistic output. During this period you will also have a transit that will be difficult where relationships are concerned. It will cause deception in romantic relationships, one sided attractions, vulnerability and fantasizing.

From now until mid-October 1983, there will be frustrations of goals and objectives especially pertaining to education. Your attitudes in this area will be inconsistent and there will be unexpected changes.

Also watch out for ulterior motives where friendships are concerned. Along with this your desire for freedom and independence will make you want to break away from authority figures; however, if you do, be sure to leave the doors open.

#### CHANGES

The next year there will be alterations where your environment is concerned. It will not be the time to initiate change as you will find it necessary to adjust to unavoidable changes and adapt to new and unfamiliar circumstances.

Take things as they come and make sure you give them enough thought before making any major decisions. To make them in haste will only result in frustration. You must also be careful of unwanted pregnancies this year.

Your natal chart is well aspected and it appears to me that because of this you will always land on your feet no matter what the circumstances are.

This strikingly modern recreational home design is ideally suited to the wider frontage building site and provides in excess of 1,200 square feet of well-organized finished floor area on its lower level. The un-finished loft area provides nearly 500 square feet of additional floor area, for later development to preferences.

On-slab construction enables rapid and economical building, especially important in more remote areas of the country which may not have immediate access to all the necessary construction services. The unique design encourages extensive future development through the simple addition of extra wings, consisting of additional bedrooms, a guest wing, or recreational facilities.

Plans for design No. 1-1189 may be purchased either by the single set, at a cost of \$135.00 or as a five-set package, economically priced at \$195.00 or an eight-set package at only \$235.00. Whichever quantity you choose, please add \$9.00 for postage and handling. Ontario residents please add 7% sales tax.

Send for the current edition of Select Homes magazine, series 59, featuring imaginative decorating and home improvement ideas, plus 130 quality home and cottage plans of every type. Available for \$3.25 (\$2.00 plus \$1.25 postage and handling).

To order any of these items please send cheque or money order, payable to the Home of the Week. Address to: Home of the Week, c/o The Halton Hills Herald, Unit 1, 151 Carlingview Drive, Rexdale, Ont., M9W 5E7.
