

### CHOICE AIR

They hadn't received their new sweaters for the 1983-84 season yet, but they are still Choice Air of the GMHA bantam house league, and this week's Herald feature team. Team members include Ricky Jacobie, Ken Griffiths, Terry

Dryden, Wayne Burton, Phillip Miller, Jay Johnston, Jeff Edwards, Don Newcombe, Brian Cowling, Sheldon Miehlem, Brad Thorn, coaches Dave Bell and Kevin Weaver. Greg Clarke and Greg Lawrence were not present for the photo.

## Rep bants start fast unbeaten in six games

The Georgetown "Le Chateau" AA minor bantams are off to a flying start in the Tri-County Hockey League new season, undefeated in their first six games. The season opened in Streetsville, where the locals took the game 5-2 with goals going to Jason Arnold (2), Pat McCarthy, Ken Langdon and Alain Thibault.

The second game of the season in Flamboro was a very one-sided affair with our boys coming up winners, 7-1. Here three players, Pat McCarthy, Trevor Harkley and Jason Arnold each got a pair of goals with the single going to Ken Langdon.

The third game of the season, as expected, was the one which gave Georgetown the best competition and the

opportunity to play our best hockey against a very good hockey team from Milton. That game was a real see-saw battle from start to finish with exceptional hockey played by both teams. Jason Arnold, Danny Lane and Alain Thibault each scored and the locals were leading 3-2 for most of the third period. They almost won the game, but Milton tied it up with only 1:36 left in the game. The end result was a fitting 3-3 tie. Unfortunately this game also produced the first casualty of the season, Jeff Brady, who has been sidelined for six weeks with a broken wrist.

The fourth league game was against Dundas and our home team won that one 7-1. Here Ken Langdon got a pair

of goals with Trevor Harkley, Jason Arnold, Danny Lane, Alain Thibault and John Lortie getting singles. Again in this game, a good cross section of players scored, showing total team effort and a good passing strategy which the boys are working at very diligently.

The sixth and most recent game against Oakville saw every single member of the team hit the scoreboard with a goal or an assist. Hatricks went to Pat

McCarthy and Danny Lane while Mark Shepherd got two goals with one goal each for Davin Cigien, Peter Atherley, Donnie Cruise, David Harris, Jason Arnold and Ken Langdon. A whole list of assists were also handed out, to Alain Thibault (4), John Lortie (3), David Harris and Trevor Harkley each with two and singles to Pat McCarthy, Peter Atherley, David Chatten and Ken Langdon. The final score was 14-0 for Georgetown.

Congratulations to the boys, who have adapted well to the new body-contact hockey. The goal tending has been first class with exceptional performances by Stephen Eastwood and by newcomer Brian McIlravy, who has joined the team this year. The season has indeed started off with a bang, and will hopefully see the trend continuing well into the year.

# Optimist peewees draw

Playing in Brampton on October 23, the Georgetown Optimist "AA" minor peewees eked out a lucky 3-3 tie in Tri-County Hockey League action.

Brampton put the first marker on the scoreboard at 6:19 of the second period. Wes McCauley tied the game at 7:13 assisted by Bill McDonald. Brampton made it 2-1 within the next minute of play.

One minute into the final frame Brampton went ahead 3-1 scoring against a short-handed Georgetown team. At 7:38 Andy Pearce counted for the locals, deflecting David Hodgson's high slap shot from the point into the net. Georgetown's tying goal was tucked away by Rod Pasma on a slap shot from the point, assisted by Mark Lortie and Bill McDonald.

Next league play for this team is at Memorial Arena on Oct. 27, at 7:45 p.m., when they host Oakville. On Saturday, Oct. 29,

this team travels to Woodlock for its first tournament of the season.

An abundance of shots on net and passing plays paid off for the Optimists at Memorial Arena on Thursday, where they downed Dundas 9-1.

Georgetown took an early lead at 6:21 of the first period on a nice goal by Mike Barnes from Wes McCauley and Andy Pearce.

Dale McNiven increased the lead to 2-0 midway through the second stanza on a Gretzky-type goal from behind the net.

Adding Georgetown markers in the final frame were Mike Melville (2), Wade Serjeantson (2), Wes McCauley (2), and Bill McDonald with assists earned by Dale McNiven (2), Rod Pasma (2), Mark Lortie, Mike Barnes and Andy Pearce. Dundas counted their only goal midway through this third period.

Coach Paul Morrow attributed his team's victory to the many shots on net, plenty of hustle and a good passing style of play.

Travelling to Flamboro last week, the Optimist peewees skated to a 5-3 victory.

Mark Lortie opened the scoring for Georgetown as he stepped out of the penalty box to

pick up a pass from Mark Minnich and counted on a breakaway. Roddy Pasma's slap shot from the point made it 2-0 with Lortie earning the assist. At 1:35 Flamboro scored their first goal.

Bill McDonald scored at 4:41 of the second frame on a nice end to end rush unassisted but at 3:15 Flamboro took

advantage of a Georgetown penalty to narrow the gap 3-2.

Final period play allowed Flamboro to tie the game at 9:44, again benefitting from a Georgetown penalty. Wes McCauley fired the winning marker from Roddy Pasma, as well as the insurance goal with only eight seconds remaining in the game.

## Pro Sports dump Bulls

The favorites prevailed in Georgetown Industrial Hockey League play this week, as the M and M Pro Sports took a 9-6 decision from the Acton Slitting Bull Tavern Knights, and the Norval Hollywood Tavern trounced the Glen Williams Riviera Raiders, 5-1.

George Osborne scored the opening goal of the game, then combined with Larry Peterson to set up Gerry Milne on the power play, as Norval jumped out in front 2-0 in their game.

Ian Syms upped the Norval lead to 3-0 midway through the middle frame, before Marty Weaver connected from Don Richards to put the Raiders on the scoreboard.

Bill Kirby and Peterson connected for the Hollywood Tavern in the opening five minutes of the third period to put the final nails in the Riviera coffin.

Eight different players lit the lamp for M and M Pro Sports in their victory over Acton.

Brian MacKenzie was the only Sport to count two goals, while singles came from Andy Broadbent, Mike Miehlem, Chuck Williams, Terry Moustgaard, Ernie Schaump, Bob Hill and Chris Reed.

Steve Crossman collected four assists for the winners, and Schaump helped out on three Sport goals.

Todd McIntyre and Gary Lumbers both netted a pair of goals for the Slitting Bull Knights.

## Join bowling

There is still time to join Youth Bowling Leagues, Smurfs, Peewees, Bantams, Juniors, Seniors - also ladies afternoon and evening leagues, men's, and mixed adult leagues. For a season of fun, recreation, and friendly competition, phone Pete or Rose, 877-9922, at Georgetown Bowl, 12 Mountainview Road South, opposite Georgetown Market Place. Newcomers are welcome.

## Companions wanted

Introduce your oil furnace to add-on electric heat and introduce yourself to substantial oil savings.

Kissing that old flame goodbye isn't the only way to reduce your oil consumption. If that oil furnace is still in good shape, you can take advantage of converting to a dual energy heating system.

Instead of replacing your furnace, introduce it to an electric plenum heater, heat pump, electric boiler or baseboard heaters. These dual energy systems let oil and electricity work in harmony to heat your home more efficiently and more economically. Operation is simple. The electric system works until the coldest winter days, then your oil furnace automatically takes over.

In most cases, add-on electric heat will reduce oil consumption by up to 75%. Even more in some cases. And a reduction of that magnitude can make a dramatic difference to the total cost of heating your home.

**The Plenum Heater**  
The "plenum" is the warm air chamber at the top of your forced air oil furnace. That's exactly where a plenum heater is installed. So that on most days, the fan circulates more economical, electrically generated heat.

**The Heat Pump**  
Even on cold winter nights, there is still warmth in the outside air. Just like a refrigerator, the heat pump extracts that warmth and pumps it into your home. Plus there's an added bonus. In the summer, your heat pump works in reverse and becomes a central air conditioner.

**The Electric Boiler**  
If you have an oil fueled hot water heating system, there's another alternative. You simply add an electric boiler. It's no bigger than a small suitcase and can be easily installed.

**Baseboard Heaters**  
Electric baseboards can also be used as a dual energy system. They're installed in individual rooms to quietly handle most of the heating load.

**The Time is Right**  
Today is definitely the time to investigate the savings of introducing your oil furnace to an add-on electric system. The COSP (Canada Oil Substitution Program) grant will pay for half of the installed cost or \$800, whichever is less, on all systems where oil consumption is reduced by 50% or more.

To find out more about the benefits of a dual energy system, contact your local Hydro or electric heating contractor today and ask them about special assistance that could lead to even greater savings. And tell your furnace to get ready for a warm and meaningful relationship this winter.

**Go Electric**
