ASTRO ADVICE

By EUGENIA LAST
Herald Columnist

Readers may write to Eugenia c/o The Herald, 45 Guelph St., Georgetown, L7G 3Z8.

Dear Eugenia,
I was born July 14, 1946 around 10 a.m. near London, Ontario. I have been dating a man born near Toronto, on July 13, 1954. My son was born in Mississauga on May 4, 1972 at 12:55 (noon). What does the future hold for us? Family life - professions - education - marriage? Thank you.
Moon Child

Dear Moon Child,
Your chart in many ways looks promising for the future. There should be harmony and understanding where family relationships are concerned. It is a year that lends itself to an ideal love relationship, however make sure that you get the red tape out of the way where previous commitments are involved. It will be a favorable year for dealing with hospitals, government agencies or any institutional environment for that matter.

It is also a year of good fortune where hidden assets or financial affairs are considered. Because of your higher level of awareness this year you will be able to take advantage of people in positions that are willing to help you achieve your goals. It is the year to end old conditions in preparation for new endeavors through travel or educational pursuits. From mid January 1984 until mid May 1984 you will have to be careful of impulsive action, explosive outbursts of temper, disagreements or conflicts and disruptions of your personal life. It can be a time of unusual minor accidents which can be eliminated by using your head and caution on the home front.

You will have some good ideas at this time as well, however you would be best to store them until the end of 1984 as 1985 is a better year for promotion. During November and December of this year and once again between May until September 1984 you will have to watch out for threats, and blackmail, regarding financial matters.

It could also involve such areas as alimony and damage to your reputation. As long as you are careful what you say to who, things should be alright. As for the man in your life, I feel that life should begin to stabilize this year. The last three or four years have been tough for him. He will still have to be careful where drugs, alcohol or medications are involved this year as with any dealings with institutional environments. There could also be some secretive action or confused action professionally. He must also avoid fraud where financial dealings are involved and remember to use caution with all financial dealings.

He will also have a favorable aspect in his work and money houses which will allow positive results and good fortune as long as he is careful. He should be able to benefit through past acquaintances, associations and his ability to make practical use of his creative imagination. Where children are concerned he could have sudden changes of mood. Your son has gone through a number of changes over the past few years.

erals in Ottawa, advising them on women's issues.
The Laval and Carleton University graduate came to speak Tuesday at the Georgetown University Women's Club meeting.

Talking about the whys and wherefores of lobbying, Ms. Sutcliffe said MPs want their own projects "to take to court" and they don't want adverse publicity. "My experience in working with members is that it's a two way street. They want to be re-elected and be promoted into the front benches."

If you can't attend a task force on an issue, you can send a brief, she said.

A former worker for the Status of Women, she said Lloyd Axworthy is a friend to women, but he's very busy. Like former PM Joe Clark, Axworthy has done a lot behind closed doors, not noticed by the general public.

She explained how the decision making process worked in Ottawa, stressing that women's groups must lobby at every level.

It's possible to gain

Faked identity

A 36-year old man was charged with public mischief Sunday when he falsely identified himself to police. Of no fixed address, the man was arrested at 1:45 a.m. on several outstanding warrants, in Acton.

entry on a number of advisory committees. In fact, she knows of a number of openings for women on the association of Atlantic towns, Ms. Sutcliffe quipped.

Halton regional police said there were warrants for impaired driving, driving with over 80 milligrams alcohol in the blood, mischief, a committal warrant of \$200, and a bench warrant for failure to appear in court.

SPEAKER THANKED

Ruth McMullin thanked the University Women's Club guest speaker Angela Sutcliffe (right) representing the Status of Women. (Herald photo)
