## CASEMENT WINDOWS

Casement windows are popular because of their attractive long vertical lines and their ability to catch even the slightest breeze.

Replica casement windows incorporate a frame of California redwood with a thermally insulated metal sash. The exterior trim is available in maintenance-free white or brown aluminum or in redwood bickmould style. The interior trim is available with white or brown PVC or redwood liners.

Replica casement windows are designed with two built-in weather seals to ensure low air infiltration. They are available double glazed (1/2" air space) and triple glazed. Optional hardware is available to allow for inside cleaning.
