

EUNICE MELTON'S LIMEHOUSE CRAFTS

It was Eunice Melton's second exhibition in Halton Hills and those in attendance got a grand tour of the artist's Sixth Line home in Limehouse along with the opportunity to see some lovely paintings. The oil and acrylic works lined the walls of the living room, front hall, family room, den, studio, dining room and games room. Included among them was the painting which won her an honorable mention in the Arts Etobicoke's Annual show. For Mrs. Melton, painting is a hobby. She did "Giraffe" about five years ago.

Application has been made for a subdivision of 36 single family residences, each with a minimum 830 square meter lots in the Park Street West area near the CNR tracks and Wildwood Road in Georgetown.

Desol Developments Ltd. made its application to the region for the 6.93 hectare land.

Town staff will be submitting a report to council on the proposal soon.

Slushy roads

Two Erin motorists were involved in an accident attributed to slushy road conditions Sunday morning.

One was travelling north on Trafalgar Road near Sideroad 27 when it lost control and came to a stop on the crest of a hill in the southbound lane.

Georgetown's Unilock product diversification

Unilock Ltd., the Georgetown manufacturer of paving stones, a common sight on the streets of Halton Hills, has introduced another unique quality product to the Ontario market area, which will enable them to avoid winter layoffs.

The product, "Mr. Firewood" is conveniently bagged and is kiln dried Canadian hardwood. To the consumer, the kiln drying is important as it makes the wood easy to light, and creates less smoke and creosote, resulting in fewer chimney maintenance calls. (However, your chimney should be checked at least once a year by a qualified chimney sweep).

"Mr. Firewood" may be stored beside your fireplace or in a convenient cupboard with no risk of fungus or insects invading your home. Imagine, a warm, natural wood scented fire with none of the inconvenience of natural wood or the cost of artificial logs.

The small bag of Mr. Firewood weighing approximately 30 pounds retails for about \$4.95, while the 50 pound bag retails for about \$7.95. The cut and split hardwood contained in the bag is a mixture of

Maple, Beech, Birch, Ash, Oak and Elm. be available from your local gas stations and building trade centres.
