MOORE PROJECT DRAFTING PROCESS CONTROL
 An expanding, process control manufacturer requires an experienced Instrumentation Draftsperson for its Project Engineering Department.
 3-5 years experience with P and I diagrams, ladder logic, and preparing loop schematics is required, combined with good organizational skills and the ability to learn loop design with the company's products. Experience with digital controls and CAD systems would be an advantage.
 As part of a project team, responsibilities would include preparation of all drawings for major customer projects, including layouts, schematics and block logic diagrams.
 Competitive salary and excellent benefits, with our company located between Georgetown and Brampton, on Hwy. 7.
 For interview phone:
H.M. DUNSMORE
457-9638
