Team victory for bantams in Cup game

Here I am, on a very pleasant Sunday evening, listening to some Scottish music, attempting to put together my weekly thoughts on local soccer.

Another busy week indeed! Ontario cup rounds for five of our rep sides, with one success - in the results columns at least. Earlier this day the minor bantams of Rich Kilpatrick and Barry Bartlett defeated Streetsville by 3-2 in the torrid heat of the afternoon. Jim Manning played well throughout, making fine runs left, right and centre, causing no end of bother to the visiting defence. It was just reward for his toils when he netted the second goal after a Rich Kilpatrick corner. Kilpatrick scored the other two, and was also effective on his wing. Craig Chantler impressed in the heart of the defence. However, this was a team victory with all the lads playing their part.

The minor mosquitos went down to Kitchener, 5-1, early on Saturday. The boys met a fine team, that knew what they had to do and played accordingly. Robert Walker scored the lone home goal in the first half and brought the score to 2-1 at that time. Late in the game the boys made a valiant effort to get back in the game, to no avail. This was a good result for the youngsters, who are 2-2-0 in their league division.

The minor peewees crashed against Dixie, 8-0 and all the play was in the Georgetown half of the field. According to accounts the score could have been much more so the team comes out with some credit against an excellent visitor.

The major peewees were next and came up against a strong Ajax outfit. Billy Murphy and Jimmy Walraven both scored fine goals each but the visitors netted five in reply and ran out winners; though not without a long struggle. Johnny Stefan played a superb game in midfield and Walraven ploughed along with Murphy up front.

FINAL COMMENT

One final comment, or series of comments, on the cup. Hussy Sanatgar would be my choice of the player of the cup round from all the teams. If there was such a thing. The minor mosquito played the game of his life despite the score and made many fine saves. Trent Cull was not far behind him with his display.

It has been most noticeable to me that the major fault with our teams is the lack of passing and kicking ability, push-type tackles - hands and elbows first, that is; the fact that you cannot do any damage unless more support is given to team mates by everyone. You cannot be in the play too much, dreaming of glory instead of making it happen. For, can you be in the play making sliding tackles all the time - and not recovering quickly. It is also much easier to play the ball on the ground than way up in the air. We do not spend too much energy in being first to the ball - though when we do we are usually winners.

One other game report is now in. The junior Falcons came back from Malton's National league team with a 2-0 loss. This is a commendable effort, and the lads had a game against their more illustrious opponents of higher calibre.

SENIORS WIN

The senior Falcons ran up a 4-1 win over Barbados. The benefits of an early goal, from a Mark Traynor penalty kick, were evident in upsetting a fast and skilful opponent. Oscar Traynor netted another with a great run into the area to pick up a through ball from the right. Ashley Sanders thundered a strong drive through the goalie's hands for a defender to help the ball to the net. Aurelio Garcia played well as sweeper and Martin Warner came on to a fine game in net and had no chance of stopping the Barbados counter on the rebound after a five diving save.

Butcher and Meteor White remain at full points in Inter County play in the 1st division. Rangers 'A' slipped into third spot after their win over Villa 'B' by the odd goal in five. Meteor Blue continue their recovery with a fine 3-2 result at Litton. In a fine see-saw battle at Dorsey Bracken came from behind to give Varian their first loss of the season by the same 3-2 score. Eagles managed a second win by 3-2 over Rangers 'B' at Christian field. Mariner achieved the only shut out of the week in a 4-0 win over an enthusiastic Ajax, and maintain their recent run of success. This evening the Mariners entertain Meteor Blue at 8:30 p.m. in the bottom-of-division clash. At 7 p.m. Meteor White vs Ajax; Varian vs Villa 'B' and Eagles vs Litton. Bracken are the only team out of town going to Milton.

WE SUPPORT COMMUNITY CONTROL OF VIDEO VIOLENCE

- Dr. Robert Elgie, Minister of Consumer Affairs, Ontario, is concerned with "the acceleration of pornography and violence in videos"
- Recently introduced legislation by Dr. Robert Elgie would have videos prescreened and categorized like films at the theatre.
- This legislation is being opposed by Mr. Bob Rae and his New Democratic Party and a vocal group of civil libertarians. This opposition prevents the legislation from becoming law.

I support the passage of legislation which would bring video tapes under the jurisdiction of the Ontario Film Review Board.
