The finishing touch

Collector plates are fast becoming popular items. As a woman with a sesion for fine chira. Yera Delacourt has supplied her shop with a vast array of collector plates by noted artists. She carries a four-plate series by tocal artist Gerde Neubecher catled to Happy Days. The pietes depict children at play. The series was followed by a series called Classic Fairy Teles. Brighten up a foom with the wistful time from a classic Schmidt music box or the prefty face of a procelain doff. The giffs from Delacourt's China Shop, are always gift wrapped and finished with a lovely sith flower! A nice touch.
