

Propane vehicle inspection

Herald Special
A new safety program introduced by the Ministry of Consumer and Commercial Relations in co-operation with the Ministry of Transportation and Communications (MTC) will make it illegal to fuel or drive an Ontario-licensed propane vehicle not displaying a windshield sticker.

The windshield sticker will confirm that the vehicle has been inspected and meets government safety standards. Any drivers operating a propane-fueled vehicle after Dec. 31 without the appropriate sticker will be liable to a fine of up to \$200.

Any person filling an uninspected vehicle with propane after Dec. 31 will be liable to a fine of up to \$10,000 or up to one year in jail, or both, upon conviction. The characteristics of propane make it imperative that all vehicle fuel systems are free of leaks and other defects.

Propane is stored in a vehicle's fuel system under pressure in a liquid state. If released, it rapidly turns into a heavier-than-air vapor that may collect in low areas or inside the vehicle. The smallest spark or flame may result in a flash fire. Vehicles may only be

inspected by certified staff at stations licensed by MTC and these stations are free to set their own fee for the inspection. More than 1,000 propane system installers licensed by the Consumer Ministry's Fuels Safety Branch, have successfully completed a training course.

Child fingerprinting
For only \$1, you can have your child's photograph taken and palm and fingerprints made Jan. 12. The Oakville Town Two Civitan Club is going to be in the Georgetown District High School gym between 10 a.m. and 4 p.m., and all parents are welcome. The Club will be again giving out the Child Identification cards which record vital information about each child, to be used by police in case a child is ever abducted or missing.
