

ENHANCE THE BEAUTY OF ANY ROOM with wall-to-wall carpet that is as easy to care for as it is luxurious. Pictured above is "Colorful" from Armstrong's new Anything Goes! line. Made of durable Antron Plus nylon yarn, this multi-tone cut-and-loop design is backed by a 10-year warranty against crushing and matting.

Bedroom: New decorating "haven"

Living rooms, dining rooms and family rooms have traditionally taken the biggest bite out of the decorating budget and the lion's share of tender loving care.

That's all changing now, as living space shrinks and new lifestyles emerge.

The bedroom, once used only for sleeping, has become a retreat from life's pressures — a place to relax and regenerate. And because it's a "haven" from the cares of the day, the bedroom should be more than attractive; it should be comfortable and easy to care for.

When it comes to beauty, comfort and maintenance, nothing beats wall-to-wall carpet. However, it's not enough to look

sensational. All carpet looks great in a showroom or when newly installed. The beauty has to last!

Wall-to-wall carpet is a relatively permanent installation and a major home furnishings investment. In order to ensure long care and upkeep ease, warranties offered by the retailer, carpet mill and fiber producer should be checked.

Five-year warranties are common, but Armstrong is now offering a 10-year warranty against crushing and matting for its Anything Goes! carpet line. That means no more "traffic laning" in bedside areas and in front of chairs.
