QUALITY MADE ECONOMICAL

SAVE **\$20⁰⁰**

The turbo action of this 50.8 cm (20") mower vacuums the grass and clumps it up for the blade to make a smooth, even cut. The spiral deck design leaves a good cutting action and clean discharge to the side or to the optional rear bag. Powered by a big 3.5 HP engine, it cuts through tough turf and it comes equipped with large 28.3 cm (11") wheels, quick change blade adjusters, conveniently located controls and folding handles. Available as a push or self-propelled model with optional rear grass catcher.
